

# PURIFY 2.0 PROGRAM

## Eliminate Toxins, Restore Gut Health, Regain Energy

Sadly, it's no longer a question of IF you're toxic, but HOW toxic you are. Every day we are exposed to hundreds of chemicals—some manmade, some natural—that get into the blood. Even the blood of newborn babies contains hundreds of chemicals! So there's really no escaping the danger. Toxic metals like mercury, cadmium and arsenic are especially dangerous.

All of these toxins can seriously impact gut health, which can trigger a cascade of secondary health issues in the cardiovascular, respiratory, neurological, glandular and other body systems, and manifest in our skin, energy levels, weight and more. The secret to achieving and maintaining optimal health lies in decreasing our toxic load, purifying the blood and restoring balance to the gut.

Introducing Purify 2.0, a comprehensive, four-week program designed to detoxify and purify the body, help balance the gut microbiome and increase health, energy and mental focus on the way to living a healthier, more vibrant life.

---

### BENEFITS

- Helps detoxify the body\*
- Supports the elimination of heavy metals\*
- Supports healthy intestinal permeability\*
- Helps purify the gut and balance beneficial bacteria\*
- Increases feelings of energy and vitality\*
- Enhances circulatory and heart health function\*
- Supports gut health with essential proteins and nutrients\*

### HOW IT WORKS

Purify 2.0 is composed of four products:

- UltraBiome DTX provides unparalleled support for heavy metal detoxification. It supports healthy intestinal permeability, and supports microbiome

balance, full-body cleansing and regular elimination.

- NEW Nature's Sunshine Rejuvenaid stimulates exceptional nitric oxide production via two pathways to help relax blood vessel walls; improve blood flow, vitality and mental focus; and support blood pressure levels.
- Bacillus Coagulans supports the gastrointestinal system, providing relief from occasional digestive upset and helping to replenish and rebalance the microbiome.
- Protein powder provides fuel for a healthy metabolism and supports gut health.

## INGREDIENTS

- Ultra Biome DTX—A unique, fiber/chlorophyll/l-glutamine drink formula proven to help reduce heavy metals in the body
- RejuvenAid—A cutting-edge formulation featuring red beet root and key amino acids
- Bacillus Coagulans—A shelf-stable strain of probiotic that may provide relief from occasional digestive upset (gas, bloating, diarrhea)
- Protein powder—Two servings per day yields 40 grams protein plus essential vitamins and minerals. Choose pea, whey or soy in several varieties.

## RECOMMENDED USE

Take each product as recommended in conjunction with a high-protein/vegetable diet. Strive to get 30 minutes of exercise per day.

## CAUTION

Avoid using this product if you have ever had esophageal narrowing or swallowing difficulties. May cause allergic reaction in persons sensitive to inhaled or ingested psyllium.

**See individual product information pages for supplemental facts info.**
