

31 Series Outdoor IP Camera

Our 31 Series IP cameras from Luma Surveillance deliver high-definition 2MP resolution with OvrC remote support for clear and reliable monitoring.

LOW PROFILE

The 31 Series features a small design and rugged build that mounts in more places than ever for total peace of mind.

HD VIEWING

With high-definition 2MP resolution that delivers HD images up to 1920x1080, you'll have complete visibility of your property.

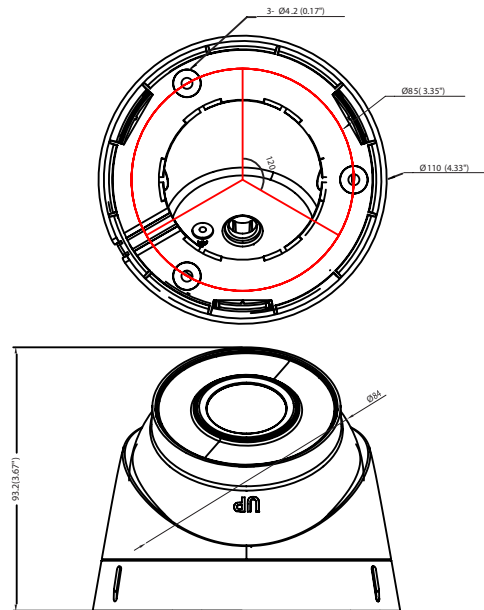

LOW MAINTENANCE

These Luma cameras are less susceptible to IR glare from dirt and dust that might accumulate over time, making them easy to care for.
