Triad's Basic & Custom Finishes are available for this product. The standard finish for this product is White paint. For any other colors, please refer to Triad's Custom Match Finish program for this product.

## INWALL BRONZE/4 SAT

The newly redesigned InWall Bronze/4 Sat is the perfect choice for distributed audio. It features a small footprint, big sound, and the handsome AcoustiPerf grill can be custom paint matched at Triad to match your decor. The InWall Bronze/4 Sat uses an improved tweeter; a 1" soft dome. A new 5.25" woofer was designed to provide extended bass response for desired fullness at background listening levels.

A fully engineered and braced enclosure yields uniform results in all applications, without the annoying bleeding through walls into adjacent rooms that is a fatal flaw in all open-back inwall speakers. Enjoy enhanced performance by adding any one of many different InWall or InCeiling Triad Subs.

For the price of an open-back plate inwall speaker, the InWall Bronze/4 Sat is an exceptional value and provides superior isolation and performance.
