

InCorner BRONZE SAT

Triad's latest applications-based solution is the InCorner Bronze Satellite. This elegant corner speaker joins the InRoom, InWall, and InCeiling versions of the Bronze Sat, all of which offer nearly identical sound, regardless of placement. The InCorner Bronze Sat was designed to deliver quality full-range sound where placement or construction constraints mandate the speaker mount in a corner. Among this innovative speaker's many applications, it performs very well as a back surround speaker.

Triad offers custom paint matching so the speaker virtually disappears, blending in with the wall color. Again, Triad offers a niche speaker that allows for innovative placement with no sonic compromise. And like nearly all Triad speakers, it's built-to-order in America, with a limited 10-year warranty.

Category: Everywhere Audio

Tag: InCorner

Features

Triad curved AcoustiPerf metal grill.
Designer Friendly
Corner mounting

Enclosure

Fully engineered, Premium MDF enclosure.
Acoustic Suspension.
2-way design.

Finishes

Triad's Basic & Custom Finishes are available for this product. The standard finish for this product is White paint. For any other colors, please refer to Triad's Custom Match Finish program for this product. The paint we use is a top quality enamel and is applied with a light pebble finish.

Since all computer monitors and their colors vary, the digital color you see here will be different from the actual product finish.
