

ETHAN TONEY

FRONT END DEV AND TECH SUPPORT

Personal Profile

Designed WordPress websites for clients for over three years and supported each client (hosting, bugs, etc.). Looking for new challenges and skill-improving work. I do have a Bachelor's in Theology, but ended up coding during my studies and became passionate about coding.

Certificates

- CS50x - Havard (in-progress)
- Responsive Web Design Certification - freeCodeCamp
- Front End Certification - freeCodeCamp

Work Experience

Freelance

Aliquid - 2017-2020

- Worked closely with clients to find a balance between their needs and wants.
- Created aesthetically pleasing websites.
- Setup and configured shared, VPS, and dedicated hosting solutions along with domains.
- Managed customer support via Tawk.to (live chat), emails, phone, etc.
- Fixed general bugs that popped up and hooked plugins (Elementor) into unsupported themes.
- Helped clients understand technical terms via simple examples.

Academic Background

Cypress Bible Institute

Bachelor's in Theology (2017-2019)

- Studied leadership and people management techniques

Otter Creek Academy

Highschool diploma (2013-2017)

- Finished high school
- Took a Python class by Dr. John Keyser from Texas A&M (non-credit class)
