White, Black

WELS

4 Star

3.3 Litres Average Flush

Packing Details

Pan: 25kg, Cistern: 14kg, Seat: 4kg

Supplied in three cartons

Manufactured by

Fixing/Brackets

Fixings are provided for connection of the cistern to the pan (the cistern does not fix to the wall). A pair of PVC floor fixing brackets are also supplied as standard with the suite. These are secured to the floor, which then enables the pan screws to be fixed to the brackets (in most cases these brackets are not required).

Installation Instructions

It is recommended that the pan be sealed to the floor using Silicone, which enables the pan to be removed in the future, should servicing be required.

NOTE: The PVC waste pipe must project 40mm above finish floor. Seal provided with pan is to be fitted to waste-pipe sealing the outlet when pan is fitted into position.
