* - Sunday night games in Weeks 5-15 subject to change;
Week 17 game TBD

SUNDAY FLEXIBLE SCHEDULING FOR THE 2018 REGULAR SEASON

“Flexible scheduling” will be used in Weeks 11-17. Additionally, in Weeks 5-10, flexible scheduling may be used in no more than two weeks. In Weeks 5-16, the schedule lists the games tentatively set for Sunday Night Football on NBC. Only Sunday afternoon games are eligible to be moved to Sunday night, in which case the tentatively scheduled Sunday night game would be moved to an afternoon start time. A flexible scheduling move would be announced at least 12 days before the game. Flexible scheduling will not be applied to games airing on Thursday or Monday nights. For Week 17, the Sunday night game will be announced no later than six days prior to December 30. The schedule does not list a

Sunday night game in Week 17, but an afternoon game with playoff implications will be moved to that time slot. Flexible scheduling ensures quality matchups in all Sunday time slots in those weeks and gives “surprise” teams a chance to play their way into primetime.

For the Cardinals, this means home games vs. the 49ers, Raiders, Lions and Rams are subject to flexible scheduling.

The Arizona Cardinals will post all information regarding game times at www.azcardinals.com. We also recommend you check the team’s official Instagram, Twitter and Facebook accounts, and other media outlets for additional information regarding scheduled game times.

UNIVERSITY OF PHOENIX STADIUM GENERATED \$1.3 BILLION FOR VALLEY ECONOMY

According to a study completed by the Seidman Research Institute, W.P. Carey School of Business at Arizona State University, a three-year run of major sporting events hosted at University of Phoenix Stadium poured \$1.3 billion into the Valley's economy.

This unprecedented stretch began with 2015 Pro Bowl and Super Bowl XLIX (\$720 million), continued with the 2016 CFP National Championship Game (\$274 million) and concluded with the 2017 NCAA Men's Basketball Final Four (\$325 million).

"From day one, the vision for this stadium was to build a world-class, multi-purpose facility capable of hosting the most prestigious events in sports so that our community could reap the immense benefits," said Cardinals President Michael Bidwill. "[This] news is a testament not only to all those who believed in that vision but the countless individuals who tirelessly worked to both attract and successfully stage these events."

A separate Nielsen Sports survey shows that the benefits of mega sporting events go beyond the massive financial windfall. According to the study, 90 percent of Valley residents say the three-year run had a positive impact on the community, and 78 percent say hosting these events is important.

"Mega sporting events are a huge benefit to Arizona's economy, generating millions in revenue and tax dollars and providing incredible national and international media exposure for our state," Gov. Doug Ducey said. "And they foster community pride as residents come together to celebrate the spirit of elite athletic competition."

NFL POLICY FOR RETRACTABLE ROOFS

The National Football League's Policy for Retractable Domed Stadiums was developed by the NFL Competition Committee.

Below is the excerpt from the 2018 Policy Manual for Member Clubs, detailing the league's policy for retractable roofs. At present, University of Phoenix Stadium, Reliant Stadium in Houston, Lucas Oil Stadium in Indianapolis, AT&T Stadium in Dallas and Mercedes-Benz Stadium in Atlanta are the only five venues in the NFL with retractable roofs.

GENERAL POLICY

Until 90 minutes prior to kickoff, the home club will have the authority to determine if the retractable roof should be open or closed for each preseason and regular season game. The home club may choose to open the roof for some games and not for others.

In the event a game is started with the roof in the open position and it is closed pursuant to the procedures set forth below, the roof must thereafter remain in the closed position for the duration of the game.

If the roof is in the closed position for the first half of the game, the home club may elect to open the roof for the second half of the game, provided that such election takes place no later than 90 minutes before kickoff, the "NFL Retractable Roof Halftime Election Form" is properly submitted at that 90 minute meeting to the opposing club and the NFL Football Operations department, and the weather parameters set forth in the Election Form are satisfied when five minutes remain in the second quarter.

PRE-GAME PROCEDURES

- 1) In the week prior to a game and on game day, to preserve and protect the field, the League's tarp rule will be in effect, if the roof is open.
- 2) Forty-eight hours prior to kickoff, the home club must submit to the Football Operations department its defined weather parameters for opening the retractable roof at halftime, assuming an election to do so has been made at the 90-minute meeting on game day. For the purposes of this policy, "weather parameters" include maximum and minimum temperatures, maximum and minimum wind speeds, and likelihood of any precipitation or hazardous condition for the remainder of the game.
- 3) No later than one and one-half hours prior to kickoff, the home club is required to notify the Referee or the highest-ranking League official working at the game whether the roof shall be open or closed. The opening or closing of the roof as designated by the home club should be completed no later than 60 minutes prior to kickoff. All overhead lighting must be on prior to team warm-ups and must remain on for the duration of the game.
- 4) If, subsequent to the home club's decision to have the roof in the open position for the game, a hazardous condition (lightning, severe winds, etc.) develops or is anticipated that threatens the welfare of participants and/or spectators, as determined by the Referee after receiving input from the Stadium Manager and the highest-ranking League official working at the game, the roof shall be closed immediately. If it begins to rain at any time after the club's decision to have the roof in the open position for the game, the roof shall be closed immediately, by signal of the Referee to the Stadium Manager.

HALFTIME PROCEDURES

- 1) If at the 90-minute meeting the home club elected to open the roof at halftime, the roof must remain opened if the defined weather parameters are in place when five minutes remain in the second quarter. The weather parameters will be verified by the Football Operations department utilizing its designated weather service provider. Final determination as to whether the weather parameters have been satisfied will be made by the Football Operations department with two minutes remaining in the second quarter.
- 2) The visiting and home Head Coach must be notified by a member of the officiating crew that the roof will be opened for the second half immediately after the conclusion of the first half.
- 3) The opening of the roof at halftime must commence as soon as the first half ends to ensure that the roof is fully opened prior to the start of the second half.
- 4) In the event the home club fails to open the retractable roof after: (a) an election has been made; (b) the defined weather parameters have been satisfied; and (c) receiving approval from the Football Operations department to open the roof, the club will be subject to discipline by the Commissioner for conduct detrimental, absent any exigent circumstances such as mechanical failure of the retractable roof.

IN-GAME PROCEDURES

- 1) If a game starts with the roof open, it shall be closed at any time due to the development or anticipation of a hazardous condition that threatens the welfare of participants and/or spectators. The game Referee, in consultation with the highest-ranking League official working at the game, after receiving input from the Stadium Manager, will decide if the roof should be closed. If the roof is closed pursuant to the above, it must remain closed for the duration of the game. Play may continue while the roof is being closed, subject to the Referee suspending play pursuant to the procedures for emergency situations.
- 2) If a game starts with the roof open, it shall be closed at any time up to the last five minutes of the fourth period if it begins to rain. The decision to close the roof will be made by the Referee, who will signal to the Stadium Manager or otherwise communicate to him or her to begin closing the roof. Play will continue while the roof is closing.
- 3) If the fourth period ends with the roof in the open position, no change will be made prior to or during an overtime period, unless the roof is closed pursuant to the procedures for hazardous conditions as set forth in No. 1 above.

ABOUT UNIVERSITY OF PHOENIX STADIUM

University of Phoenix Stadium is a prime example of sophisticated engineering, technology, and design. Regarded as one of the best venues in sports and entertainment, the stadium features both a retractable roof and retractable natural grass playing field. This combination has set an industry standard for design excellence providing the ultimate

in fan comfort and allowing the flexibility to transform from a football-ready field to an unrestricted stadium floor in less than one hour.

Opened in 2006 and owned by the Arizona Sports and Tourism Authority, University of Phoenix Stadium is designed to host Super Bowls, blockbuster concerts, NCAA tournaments, and a variety of other world-class. Attracting record crowds is the core of University of Phoenix Stadium. The Arizona Cardinals have sold-out every game played at the stadium to date. In 2017, the stadium experienced its largest crowd to date when 77,612 fans attended the NCAA Final Four. The stadium also hosted two of the most-watched Super Bowls in history - Super Bowl XLII between the New York Giants and the New England Patriots and Super Bowl XLIX

between the Patriots and Seattle Seahawks. University of Phoenix Stadium also plays host to the annual Fiesta Bowl and has hosted the BCS National Championship game twice.

In May of 2018, the league announced that the biggest event in American sports is returning to University of Phoenix Stadium for the third time, as Arizona was selected to host Super Bowl LVII that will cap the 2022 NFL season.

In July, the NCAA announced that the 2024 Men's Final Four will be held at University of Phoenix Stadium

ARCHITECTURE: World-renowned architect Peter Eisenman, in partnership with HOK Sport and Hunt Construction Group, created a state-of-the-art design that has already become an iconic Arizona landmark. The stadium's

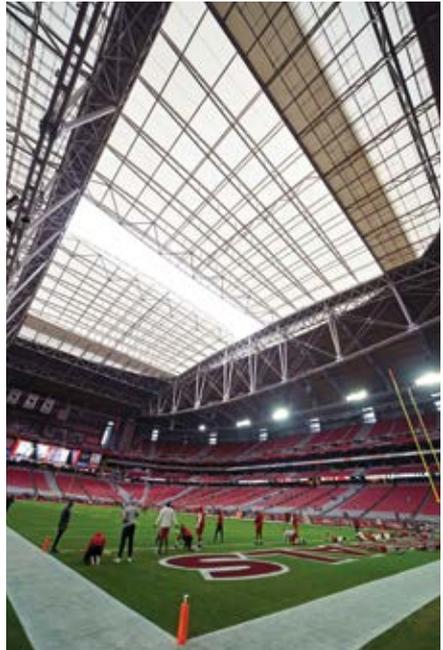

exterior skin takes its design cue from the barrel cactus and features alternating sections of shimmering metal panels intended to reflect the shifting desert light alongside magnificent vertical glass slots allowing fans a spectacular view of the horizon from any level of the interior.

RETRACTABLE FIELD: University of Phoenix Stadium also features a unique rollout natural grass playing field, contained in a single tray weighing 18.9 million-pounds (234 feet wide, 403 feet long). The first completely retractable field in the United States, it is positioned inside the stadium on game days to offer the preferred natural-grass playing surface for football and outside the stadium for the remaining 350+ days of the year to receive sunlight and watering. The field tray is powered by electric motors mounted on steel wheels riding on tracks embedded in the concrete floor and will take approximately 60 minutes to move completely. The flexibility of this unique design allows University of Phoenix Stadium to serve as a true multipurpose venue featuring a 160,000 square-foot event floor for other events.

RETRACTABLE ROOF: Atop the stadium roof are two large retractable panels that open and close on an arc. The panels and much of the roof are made of a translucent fabric called Birdair that enables light to penetrate and gives the venue an open, airy feel. When closed it also allows for an air conditioned environment but when opened, takes advantage of Arizona's patented sunshine. The roof takes about 10 minutes to open or close.

SCOREBOARDS: As part of a collaboration between the Cardinals & the Arizona Sports & Tourism Authority (AZSTA), videoboards at the north & south ends were upgraded prior to the 2014 season. Both are more than triple

the size of the previous ones. At the south end is a high-definition LED video display that measures 54 feet high by 164 feet wide and provides an additional 8,856 square feet of live video and replays. Featuring a 13HD pixel layout for crisp, clear imagery and 75% higher resolution, the display is capable of showing one large image to highlight live video and instant replays. It can also be divided into separate sections to show additional stats and information that fans want. The videoboard at the north end is also triple the size of the previous one, measuring 27 feet high by 97 feet wide. Both displays feature high contrast technology for the best in image quality.

INFORMATION TECHNOLOGY: University of Phoenix Stadium has an IP infrastructure that supports telecommunications throughout the Stadium. The voice and data communication network infrastructure is built entirely on Cisco equipment. All telecommunications services for voice, data, and video broadcast distribution are provided by COX Business Services and are provided via redundant services to the Stadium.

The stadium supports 2500 unique telephone DID numbers on a DS-1/PRI backbone. The Stadium provides 3Gb of Internet bandwidth, which can be adjusted as needed to support any technology requests that come to the stadium, and additional bandwidth can be requested in advance to increase the capacity as needed.

In 2013 the Stadium DAS system upgrade began using Crown Castle and a neutral host system. In 2014, the system was completely finished and hosts all major carriers, Verizon, AT&T, T-Mobile, and Sprint, and has multiple 4G-LTE sectors for each carrier, according to the needs of each.

In 2014 the Stadium Computing Network and Wi-Fi Systems were completely upgraded. An HD Wi-Fi System was installed throughout the stadium, which includes approximately 800 Cisco AP's and antennas, and is supported by a Cisco Prime Network infrastructure running over a 10Gb fiber optic backbone. The stadium also upgraded the Cisco Unified Communications System, replaced all Core and Edge switches and servers, as well as upgraded all security systems.

In addition, a network of Bluetooth Beacons were installed, which can be used for a variety of purposes, including information sharing, marketing and promotions.

MULTI-PURPOSE: Because of the truly unique multi-purpose nature of the stadium, University of Phoenix Stadium is able to host far more than just Cardinals home games and the annual Fiesta Bowl. Since opening in August of 2006, the stadium has hosted a pair of Super Bowls, the 2015 Pro Bowl, NCAA Men's Final Four, two BCS National Championships, international soccer matches, Monster Energy AMA Supercross, Monster Jam, and multiple sell-out concerts.

FITZGERALD NAMED NFL'S WALTER PAYTON CO-MAN OF THE YEAR

Wide receiver **Larry Fitzgerald** was named the co-winner of the 2016 "Walter Payton NFL Man of the Year" along with Giants QB Eli Manning at the NFL Honors prior to Super Bowl LI in February.

The "Walter Payton NFL Man of the Year" is the only league award that recognizes a player's off-the-field community service as well as his playing excellence. Fitzgerald, Manning and Carolina Panthers tight end Greg Olsen were the three finalists for the award.

"Our communities are better because of what Larry Fitzgerald, Eli Manning, Greg Olsen and the thousands of other outstanding NFL players bring to them," said Cardinals President Michael Bidwill. "They are all truly worthy of our recognition and appreciation. But at the Cardinals, we all know how special Larry is and why he is particularly deserving of this prestigious honor. What he has accomplished as a receiver in his 13 years in the NFL will be nearly impossible to match. Even more so is the level of class and integrity he has consistently brought to our league and our organization."

Fitzgerald joined Kurt Warner (2008) as the only players in Cardinals history to be named the "Walter Payton NFL Man of the Year."

Fitzgerald was named the "Arizona Cardinals/Walter Payton NFL Man of the Year" presented by Nationwide for the second time in his career (2012). He was recognized by Bidwill and representatives from Nationwide for his accomplishment following a practice last December.

CARDINALS SPECIALTY LICENSE PLATE RAISES MORE THAN \$1 MILLION FOR CARDINALS CHARITIES IN 2017

The Cardinals Charities received more than \$1 million from the sale of the team's specialty license plates in 2017, according to the Arizona Department of Transportation (ADOT).

The Cardinals plate generated the most charitable proceeds of any professional or amateur sports team in the state with \$1,286,987, and in all, 75,127 Arizona Cardinals plates were issued in 2017, according to ADOT.

"Seeing so many vehicles on the road displaying their Cardinals plates is fantastic, and the display of support is incredibly gratifying," said Cardinals President Michael Bidwill. "But even more meaningful is knowing the type of impact that the project is having on Cardinals Charities and, in turn, so many worthy causes throughout the state. We appreciate the opportunity that ADOT has provided and are especially grateful to all of those fans who have stepped up to participate."

Founded in 1990, Cardinals Charities' mission is to support programs designed to improve the quality of life and enhance opportunities for children, women and minorities in Arizona.

Drivers who opt for the specialty plates pay \$25 a year with \$17 going to a designated charity or non-profit group. There were more than 540,000 specialty plates on Arizona vehicles in 2017, and the program raised more than \$9.8 million for charitable and non-profit entities throughout the state. A black plate featuring a Cardinals birdhead logo, the Cardinals specialty plate was introduced in January of 2010.

Specialty license plates can be purchased online at www.ServiceArizona.com.

SPORTSMAN'S PARK

On-site parking accommodates 14,000 cars as part of an innovative site plan designed to create a truly unique tailgating experience for fans. This 160-acre region, known as Sportsman's Park, features over 20 acres of turf including the eight-acre public area known as the Great Lawn.

A tree-lined expanse of grass, the Great Lawn extends west from 95th Avenue to

the Great Lawn includes areas for vendors and musicians.

PAT TILLMAN MEMORIAL

The plaza surrounding University of Phoenix Stadium is known as the Pat Tillman Freedom Plaza, in honor of the former Cardinals safety who was killed in action on April 22, 2004, while serving his country as a member of the elite Army Ranger unit.

Fans attending home games can visit the Pat Tillman Memorial located at the northwest side of the plaza. The memorial includes a large white

bronze sculpture of Tillman on the eastern side and a circular reflection pond on its western side.

The sculpture is approximately eight-feet tall, weighs over 500 pounds, and took nearly nine months to complete. After an extensive search, the Cardinals selected artists Omri Amrany and Gary Tillery to create the sculpture. The sculptors

consulted with the team and Pat's wife, Marie, who worked to select the image of Tillman that would best convey his character and spirit. Serving as a backdrop to the sculpture is a nine-foot tall curved wall made of black concrete that measures 40 feet across, symbolic of Tillman's jersey number at Arizona State.

The brimming pool of water on the western side consists of a large 60-foot circular pond made of black concrete and stainless steel. Intended to create a pool of tranquility, it has a surface area of 2,300 square feet.

To the west of the memorial is a grove of 40 Oak trees that symbolizes the jersey number Tillman wore as an Arizona Cardinal and the entire area is surrounded by a grove of Ash and Oak trees.

CARDINALS PRESERVE PAT TILLMAN'S LOCKER AT TEMPE FACILITY

On September 11, 2015, the 14th anniversary of the 9/11 terrorist attacks, the Cardinals unveiled the locker of former safety Pat Tillman at the team's Tempe Training Facility.

A new locker room was built as part of a two-year, \$15 million renovation of the facility, but Tillman's locker was preserved to display in a glass enclosure between the weight room and cafeteria. Included in the locker are Tillman's jersey, helmet, shoulder pads and draft card, along with a description of his life and career.

"We've decided to preserve Pat Tillman's locker, and tell his story," team president Michael Bidwill said at the unveiling ceremony. "Many of our future players, and even current players, may not know the stories of the Cardinals. But we wanted to tell the stories and talk about the history, the history of our organization and the history of Pat Tillman."

After a decorated career at Arizona State University, Tillman was selected in the seventh round (226th overall) of the 1998 NFL Draft by the Cardinals and he played for Arizona from 1998-2001 before enlisting in the U.S. Army in 2002. He was killed in action in Afghanistan on April 22, 2004.

Tillman's No. 40 is retired by the Cardinals and he is a member of the team's Ring of Honor.

UNIVERSITY OF PHOENIX SECURES STADIUM NAMING RIGHTS

On September 26, 2006 the Cardinals and University of Phoenix announced an exclusive, multi-year agreement with University of Phoenix to become the team's naming rights partner. It marked the first time and only time a National Football League venue has been named after an educational institution.

John Sperling, PhD, a Cambridge-educated economist, professor and entrepreneur,

founded University of Phoenix in 1976 in response to the changing needs of the workplace. It was part of his commitment to provide adults with the higher education they would need to fill those needs. University of Phoenix provides students access to quality education, ongoing support and a range of resources to help them succeed.

S.I. NAMES UNIVERSITY OF PHOENIX STADIUM BEST FIELD IN NFL

Sports Illustrated named the Arizona Cardinals playing surface at University of Phoenix Stadium the best in the NFL in October 2015.

In formulating its list, the publication said it relied on "past player rankings, insight from current players and details from groundskeepers."

In ranking University of Phoenix Stadium #1, Sports Illustrated wrote: "You'll hear very little argument about who holds the top spot for the best field in the NFL. Sure, Arizona has plenty of sunshine and can grow a healthy amount of Tifway 419 Bermuda grass, but more importantly, the Cardinals have the pleasure of rolling the field outside the stadium. The entire playing surface is retractable, in one giant tray, allowing the turf to grow and get maintained outside the stadium, coming inside only for NFL football games. And with a groundskeeping staff doing a stellar job with the turf, Arizona earns the top spot."

In addition to SI, the National Football League Players Association (NFLPA) has also asked players to rank the league's top playing surfaces in the past. The field at University of Phoenix Stadium has finished No. 1 in every NFLPA survey released since the venue opened in 2006.

CARDINALS CONTINUE MAJOR UPGRADES TO UNIVERSITY OF PHOENIX STADIUM

During the 2017 offseason, the Cardinals completed the first part of a two-phase, \$28 million expansion and renovation of the club areas on the east and west sides of University of Phoenix Stadium.

In addition to enhancing and expanding the pre-existing areas, the project included the creation of the high-end “Bubble Lounge” adjacent the west side club area.

The Cardinals have also committed additional resources to upgrade the infrastructure surrounding the stadium.

“We’ve already done about \$28 million to renovate the club area,” team President Michael Bidwill said. “About an equal amount on parking lots and infrastructure related to the pedestrian ways are coming to the stadium from those new parking lots.”

Fan experience enhancements will also be made to University of Phoenix Stadium prior to the Super Bowl LVII being played at the venue in 2023.

“In addition, we are going to upgrade video boards, Wi-Fi and all the stuff you don’t really see changes to, but they improve the fan experience,” Bidwill said.

Prior to the 2016 campaign, the Cardinals brought fans an unparalleled level of audio quality through the installation of a state-of-the-art sound system at University of Phoenix Stadium.

Before University of Phoenix Stadium hosted Super Bowl XLIX in 2015, the Cardinals covered the cost of an \$8 million upgrade to the stadium’s wireless system, and the team fronted the purchase of two high-definition LED video boards for \$10.8 million.

STEVE SCHOENFELD MEMORIAL PRESS BOX

The press box at University of Phoenix Stadium is named in honor of Steve Schoenfeld, who covered the team and the NFL for The Arizona Republic from 1988 until 2000 when he was killed by a hit-and-run driver.

Schoenfeld worked in Tulsa and Dallas before coming to Arizona and spent the last few months of his life covering the NFL for CBS SportsLine. A tough, but fair, reporter and an eloquent writer, he was president of the Pro Football Writers Association from 1997-99, and his untimely death stunned the league.

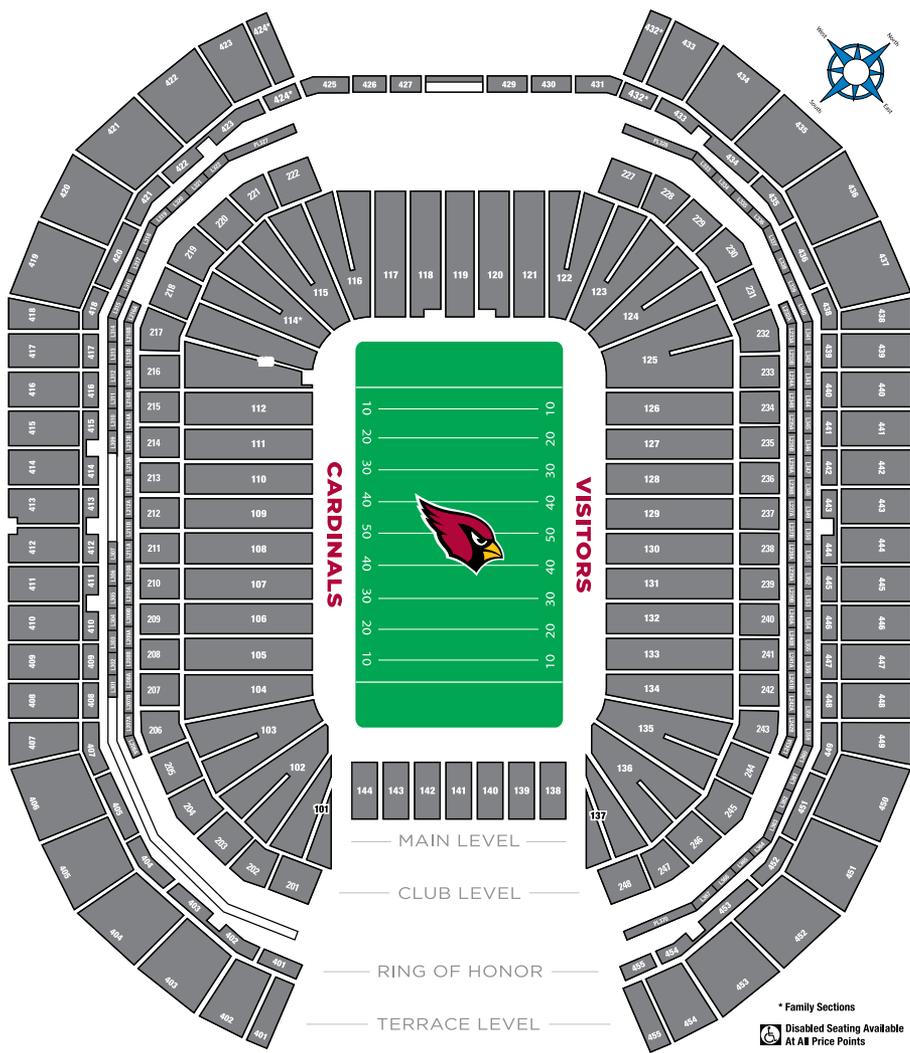

Steve was a loving family man as well. He was devoted to his wife, Robin, and was a loving son, brother and uncle. He cared deeply about his friends, and he seemed to have thousands of them.

Said Republic colleague and writer Kent Somers, “Steve never met a stranger. He not only knew everyone, he had phone numbers for them, too – and didn’t hesitate to call them. It’s fitting the press box is named in honor of Steve, because to him there was no better place to be on a Sunday afternoon.”

Over the last 18 seasons, the Arizona Cardinals Football Club has reached out to its Spanish language speaking fans by becoming the first professional team in Arizona to offer all games on Spanish radio (2000) and launching a Spanish language version of the team's web site www.azcardenales.com (2007).

The broadcast team of Gabriel Trujillo (play-by-play), and former Cardinals offensive lineman Rolando Cantú (analyst) will be back again in 2018. Trujillo returns for his 19th season of play-by-play with the Cardinals. From 2000-2005, he also called the action in Spanish for the Phoenix Suns. Cantú played with the Cardinals for two seasons (2005-06), and during the 2005 season, he became the first Mexican born player (non-kicker) to ever take the field in an NFL regular season game. In addition to his broadcast duties, Cantú is also the team's Manager of International Business Affairs.

The Cardinals broadcast in Spanish airs locally on Univision Arizona's radio stations. As the official Spanish-language radio home of the Cardinals, all pregame and game broadcasts can be heard on Latino Mix KQMR 100.3 FM and KHOV 105.3 FM.

In addition to the game broadcasts, Univision Arizona's radio stations in Phoenix also broadcast two pregame shows – Primera Y Diez (First & 10), a Spanish-language pregame show summarizing everything happening around the NFL as well as Conteo Progresivo (Countdown), a Spanish-language

pregame show focusing specifically on the Cardinals and their upcoming opponent.

Following each Cardinals game, KQMR 100.3 FM and KHOV 105.3 FM will also broadcast the team's postgame show, Punto Extra (Extra Point), a 15-minute Spanish show to recap the action.

For the 11th straight season, the Cardinals will also bring the Spanish language broadcast to fans in Mexico. The team has partnered with Larsa Comunicaciones (Larsa Communications Group), the leading radio network in northern Mexico to bring the broadcast to 41 stations in 20 cities throughout Mexico, including Guadalajara, Puerto Vallarta, Hermosillo and Mexico City.

CARDINALS OWNER BILL BIDWILL INDUCTED INTO ARIZONA SPORTS HALL OF FAME

Arizona Cardinals owner **Bill Bidwill** was inducted into the Arizona Sports Hall of Fame during an induction ceremony last November. The five-member 2017 class consisted of Bidwill, former Arizona Coyotes captain Shane Doan, sports journalist Paola Boivin, former Arizona State wrestler and NCAA champion Anthony Robles and Grand Canyon University basketball coach and former Phoenix Suns star Dan Majerle.

The Arizona Sports Hall of Fame honors athletes, coaches, administrators and others who have made significant contributions to Arizona Sports.

Bidwill's association with the team began as a youngster when he served as a Chicago Cardinals ball boy on the city's South Side. A graduate of Georgetown University and a U.S. Navy veteran, the Cardinals owner is now in his eighth different decade presiding over the oldest continuously-operated professional football franchise. The most-recent 10-year stretch has seen the organization reach unprecedented heights including three division titles as well as a conference championship and the team's first Super Bowl appearance. Over the last five seasons, the Cardinals have won more games (49) than in any other five-year stretch in team history and have sold out all 124 games played at University of Phoenix Stadium since it opened in 2006.

Long noted for his philanthropy, "Mr. B" has quietly but consistently impacted Arizona by supporting numerous local charities since the team's arrival in the desert in 1988. He also directed the formation of Cardinals Charities, the team's philanthropic arm dedicated to supporting worthy Arizona causes. He was credited with bringing Super Bowl XXX to Arizona in 1996. The Valley also hosted Super Bowl XLVII in February of 2008 and in early 2015 hosted both the Pro Bowl and Super Bowl XLIX, which combined to deliver a record economic impact of \$720 million.

In May 2017, Bidwill was selected to the Georgetown Prep Athletic Hall of Fame. A 1949 graduate of the school, Bidwill was a two-sport athlete for the Little Hoyas football and baseball teams. He was previously honored with the Paul "Tank" Younger Award from the Fritz Pollard Alliance, whose purpose is to promote diversity and equality of job opportunity in the NFL. Bidwill has long been at the forefront in providing opportunities to individuals regardless of race or gender.

Bidwill was inducted into the Sports Faith Hall of Fame in 2010 and later that year was awarded an honorary doctor of humane letters degree from Northern Arizona University for his contributions to the community and his profession.

CARDINALS PARTICIPATE IN MY CAUSE, MY CLEATS CAMPAIGN

The NFL's second annual My Cause, My Cleats campaign took place in Week 13 of the 2017 season, and nearly 1,000 players league wide took part to showcase causes close to them by wearing custom cleats. Several of the Cardinals players who participated in last year's campaign are listed below.

- WR Larry Fitzgerald – Carol Fitzgerald Memorial Fund
- CB Patrick Peterson – Foundation for Success
- \$LB Deone Bucannon – Deone Bucannon Foundation
- WR J.J. Nelson – Children's Village
- RB David Johnson – Mission 31 Foundation
- DE Markus Golden – Sickle Cell Disease Association
- OL Evan Boehm – American Heart Association

Players participating in the initiative had the opportunity to raise funds for the cause of their choosing by auctioning their cleats off at NFL Auction, with 100% of the funds raised being donated to charities selected by the players.

ARIZONA AWARDED SUPER BOWL LVII

VALLEY WILL HOST GAME FOR FOURTH TIME WHEN SUPER BOWL RETURNS IN 2023

The biggest event in American sports is returning to Arizona as University of Phoenix Stadium has been selected to host Super Bowl LVII that will cap the 2022 NFL season. The announcement was made following a vote of team owners at the NFL's Spring Meetings in Atlanta in May.

"We are very grateful that the NFL and its owners have once again selected Arizona to host the pre-eminent event in sports," said Arizona Super Bowl Host Committee Chairman David Rousseau. "It is a testament to the stellar reputation that our community has earned for staging world-class events and there are none bigger than the Super Bowl. We clearly have the facilities, the infrastructure and most importantly the people to execute an event that has proven to have such a profoundly positive impact on our region."

Super Bowl LVII will be the fourth Super Bowl played in Arizona and the third in 15 years at University of Phoenix Stadium. The Valley last hosted Super Bowl XLIX following the 2014 season. With Super Bowl LVII being held at University of Phoenix Stadium, Arizona will join South Florida, New Orleans, Los Angeles and Tampa Bay as the only sites selected to host the Super Bowl at least four times.

Past Super Bowls in Arizona

Super Bowl	Site	Date	Result
XLIX (49)	University of Phoenix Stadium	2/1/15	New England 28, Seattle 24
XLII (42)	University of Phoenix Stadium	2/3/08	NY Giants 17, New England 14
XXX (30)	Sun Devil Stadium	1/28/96	Dallas 27, Pittsburgh 17

The nation's most popular sporting event and most widely-viewed television program, the Super Bowl provides an immense boost to the local economy. The last time the game was staged in Arizona it produced a record economic impact for the state. A 2015 study by the W.P. Carey School of Business at Arizona State University determined that Super Bowl XLIX, the 2015 Pro Bowl and related events produced a gross economic impact of \$719.4 million for the region. That was the largest economic impact of any special event ever held in Arizona. More than 1 million people visited Verizon Super Bowl Central in downtown Phoenix and more than 500,000 people enjoyed events in downtown Scottsdale.

Since opening in 2006, University of Phoenix Stadium has continuously proven to be a world-class venue capable of hosting the country's biggest sporting events. In a span of just over 26 months in 2015-17, the stadium hosted a Pro Bowl, Super Bowl, College Football National Championship Game and the NCAA Men's Final Four. It was an unprecedented stretch for a stadium that generated \$1.3 billion for the state during that span.

By the time it plays host to Super Bowl LVII, University of Phoenix Stadium will have undergone \$100 million in improvements including parking infrastructure, state-of-the-art wifi, video boards, sound system upgrades and club-area enhancements since it last hosted a Super Bowl following the 2014 season.

FUTURE SITES: Atlanta will host Super Bowl LIII following the upcoming 2018 season and will be followed by previously-announced games in South Florida (LIV following the 2019 season), Tampa (LV following the 2020 season) and Los Angeles (LVI following the 2021 season). In addition to announcing today that Arizona has been awarded Super Bowl LVII, the NFL also revealed New Orleans as the host of Super Bowl LVIII the following year.
