Membership Dues

- It is suggested we do something different and send out an invoice through quick books to previously paid members
- It is suggested we find a way to track members and previous members to make sure people are re-signing up and if not why. Some people state they have not received a membership dues application to sign up and do not know how to reach out to NHASH. Ashley to bring membership cards to next in person meeting. It is suggested we are not really recapturing the people who have not been members for a few years. It is suggested we make calls to the new members to welcome them to the group and let them know about the association including meeting times and locations, NHASH website/ social media and contact information. It is suggested we track existing members and reach out to those that fall off to follow up with them and find out why.
- Mandie to go back in quick books to create a list of names, numbers, and addresses of current and past members and create a script of touching points. She will have this for the next meeting.
