But first coffee

We are Nido Living.

We're a bit different to the traditional accommodation in Copenhagen. Our eyes are on the future. We know that those who live with us will shape tomorrow. You're going to make the world kinder, more sustainable, healthier and smarter.

We're an award-winning international property management company with over a decade of knowledge in providing the highest quality living experience for students and young professionals alike.

Our ethos centres around maximising residents' mental and physical wellbeing and creating communities, which is incorporated throughout the development, design and services provided in our residences.

Come live with us.

Hej København

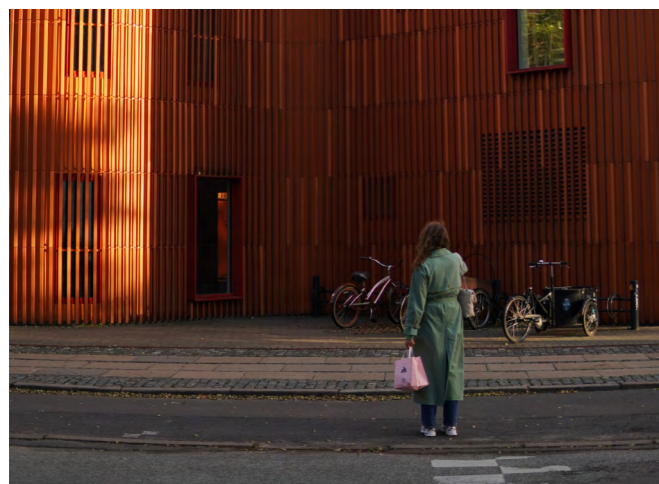

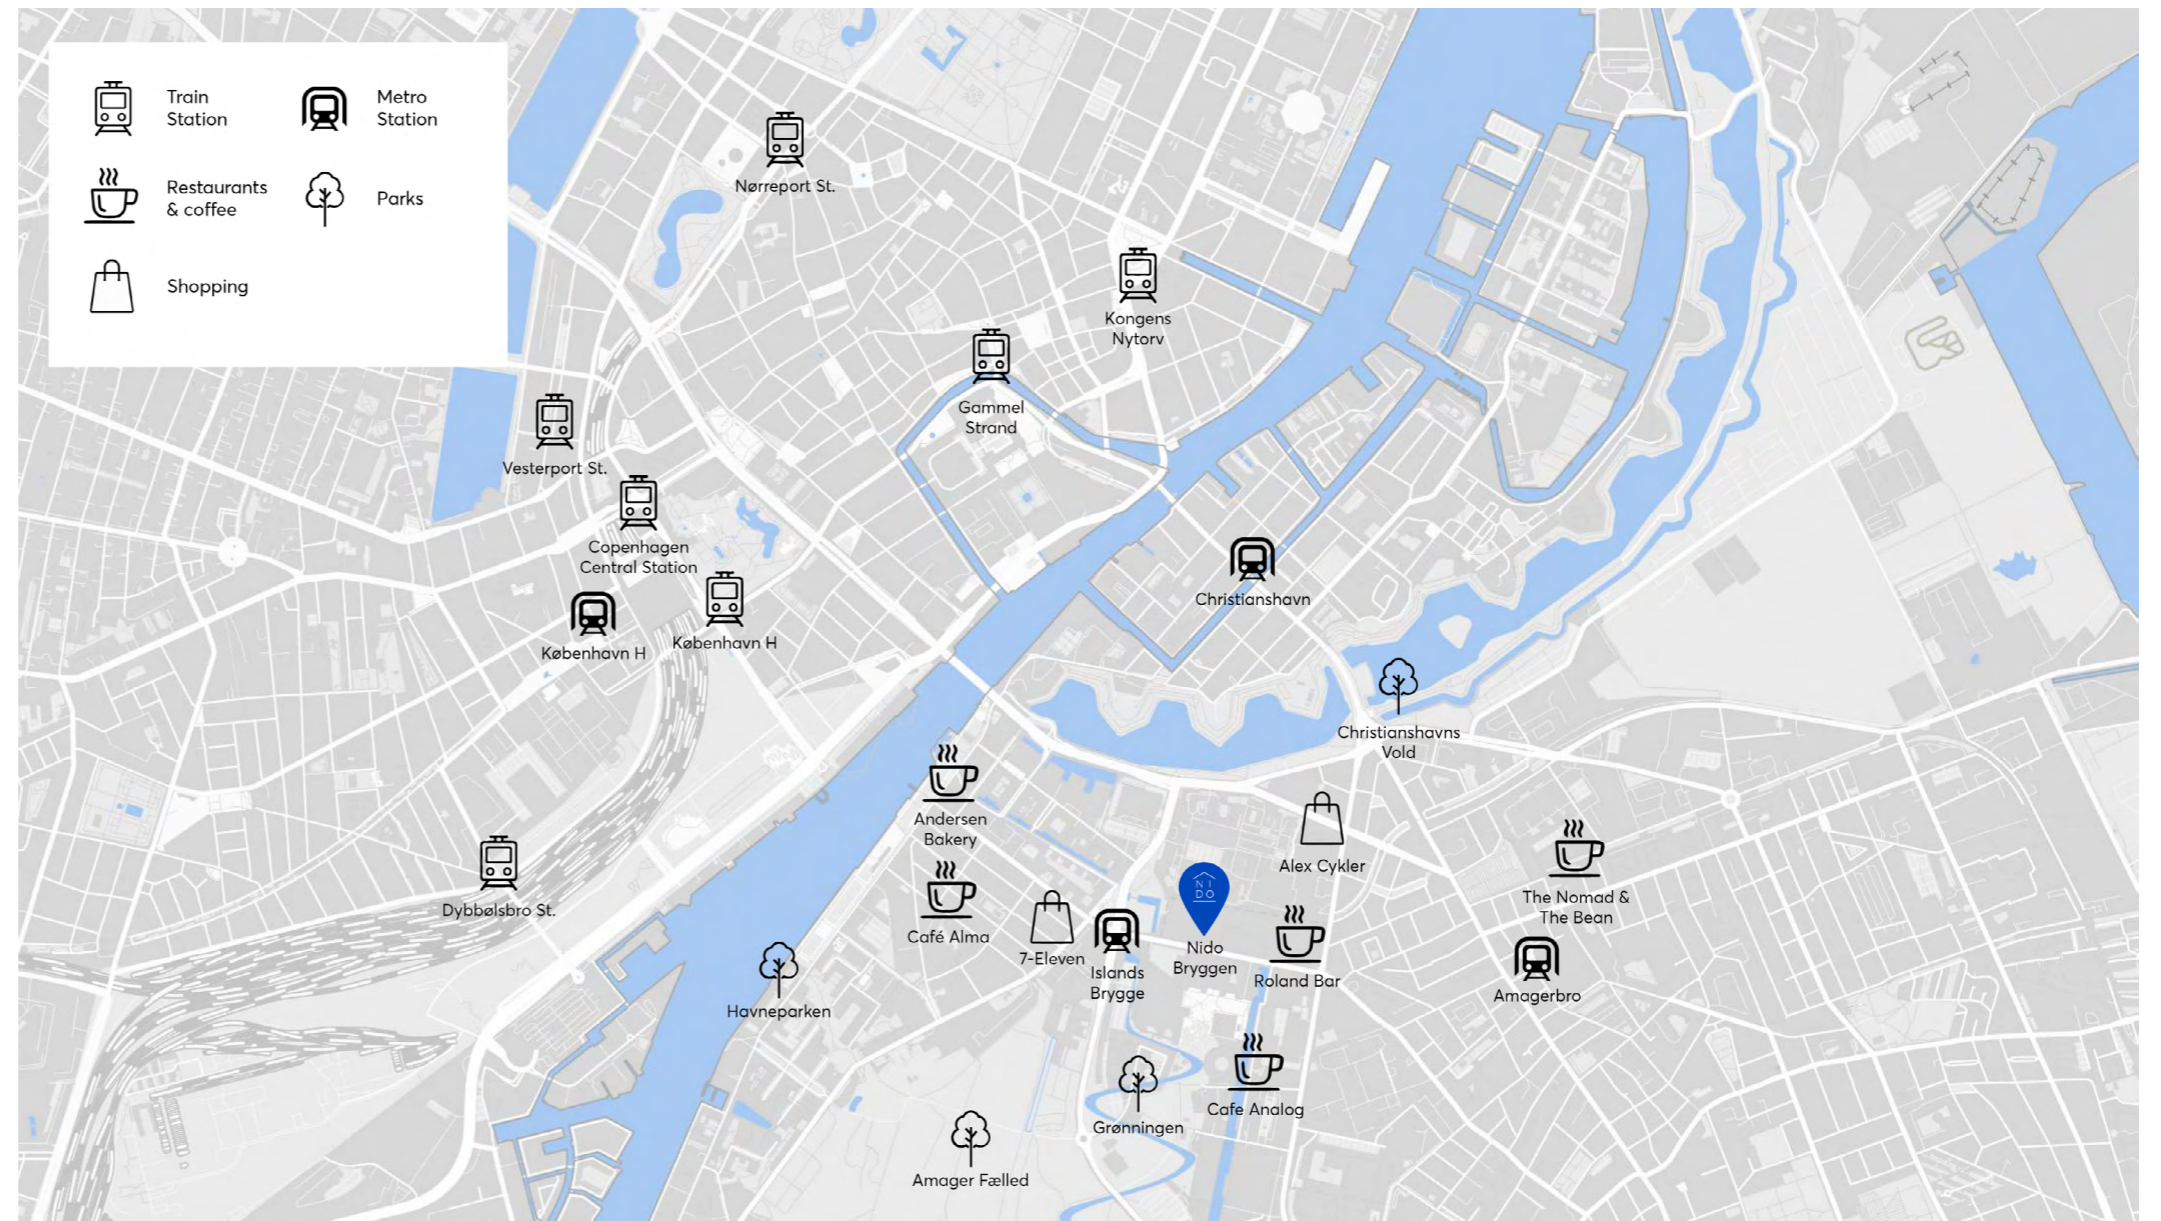

A famously picturesque Scandi city, and one of the world's greenest, Denmark's capital is the perfect place for young professional life. Spend your days catching up with friends in the bars & restaurants of Nørrebro, or kick back and relax with a harbour side coffee in Nyhavn. Copenhagen is considered the happiest city in the world. Its truly charming.

Nido Bryggen

We love being in Copenhagen. Enjoy everything this vibrant capital has to offer, from the creative and young energy to the stunning architecture and buzzing food scene.

Nido Bryggen is located in the heart of this beautiful city, slap bang between iconic Island Brygge and cosy Amagerbro. You'll be surrounded by canals, excellent budget friendly food and community spirit. So whether you want to spend your weekends learning about the local history, or go further afield and use the Oresund Bridge to visit Malmö, Sweden for the day, our full-service accommodation will put you at the centre of everything.

What's Included

On top of 24/7 manned security & superfast WiFi, one of the greatest things about Nido is our social spaces.

In addition to your apartment, you'll have access to thoughtfully designed common spaces which you can use whenever you like, including: a fully-equipped 24/7 gym with yoga space, roof terraces with views across the city, cinema room, bookable private dining room, quiet and group work spaces, a TV lounge, co-working areas, games room, wellness nook and more!

WHY NIDO?

"Nido took over the property 2 years ago and renovated everything. The whole atmosphere changed and now everything looks really nice and clean."

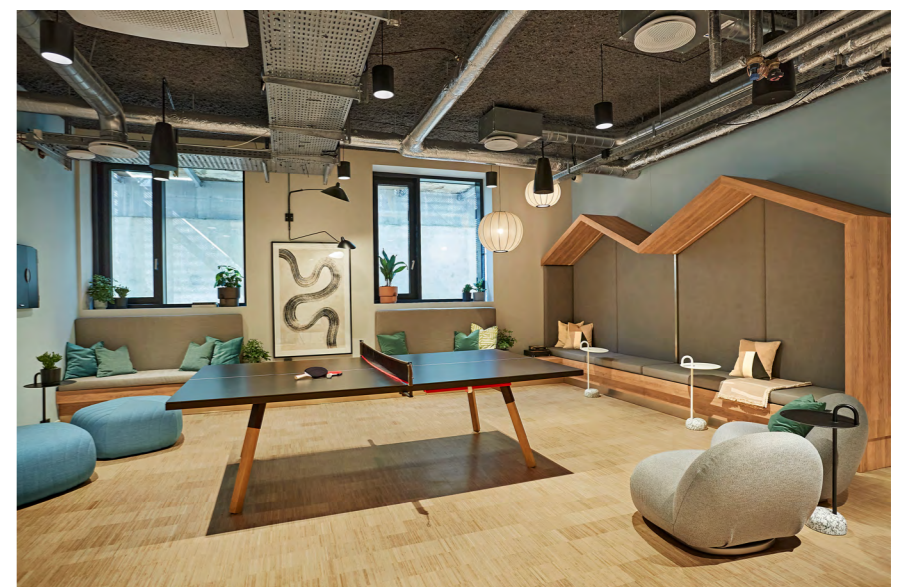

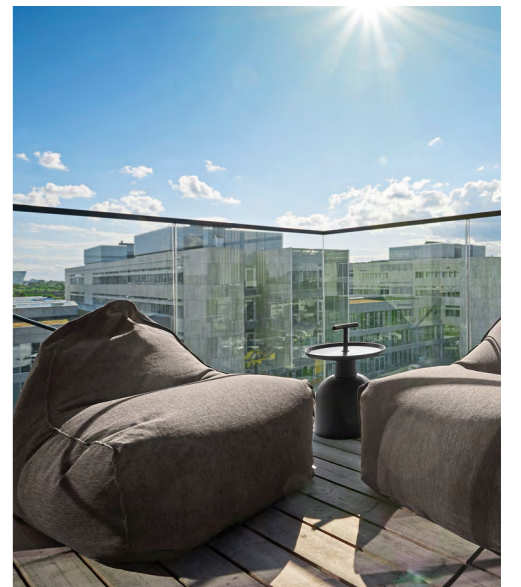

The management team is very kind and responding to your questions. The apartments are very suitable for young people and the location is perfect. I loved the whole neighborhood! Furthermore you have good transport connections, three supermarkets around the corner, pharmacies and more!"

The Nido Difference

We offer security, prompt service and cool common areas - and we deliver. We listen to what people want in the places they live, and then we deliver it to them. Our actions as a business are guided by their hope and vision. This is the Nido difference.

Nido is known for its exceptional resident experience (if we do say so ourselves), so if you're looking for a social, creative and unforgettable living experience, you've come to the right place. Welcome events, fitness classes, book club, dinner parties and more; our award-winning all-year-round event programme ensures Nido feels like home from the moment you arrive.

Everything we do is focused around four values: wellbeing, sustainability, design & technology, and community.

Wellbeing

Community

Design & Technology

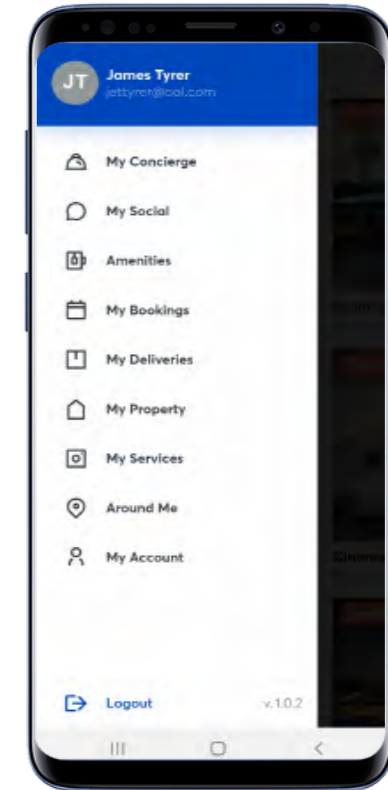

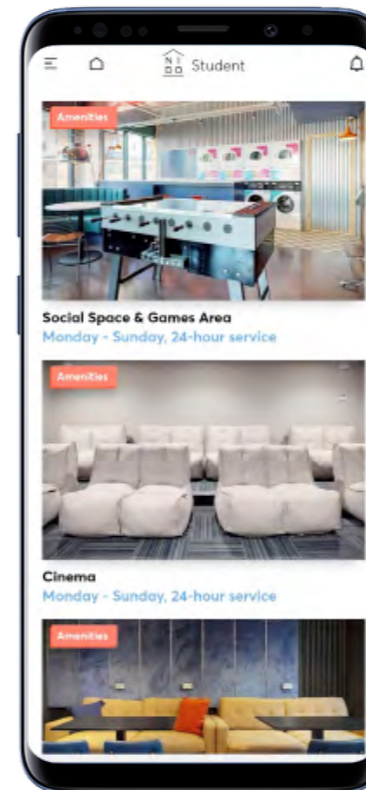

Sustainability

Your Nido App

Our residents are digital natives, so we're enhancing your living experience by tailoring our services.

In the app you can:

- ✓ receive building notifications
- ✓ communicate with the residence team
- ✓ communicate with each other
- ✓ receive events information
- ✓ contactless parcel collection
- ✓ incubate forums, groups and societies specific to their interests
- ✓ access local guides, support and wellbeing information

Our Residents

It begins at Nido. Our residents tell us what's important and we make it happen. Our actions as a business are guided by their hope and vision. We make clear that our decisions come from the ground up, rather than the top down. We do this by analysing quarterly surveys, focus groups and comparing best practices in the hospitality sector.

We want to hear from our residents, we listen, we innovate and we combine the best ideas to provide the best possible experience. Each Nido is created with this philosophy in mind.

ALANA CORREIA

Nido Ashlin House

Cork

My time so far at Nido has been nothing but a positive experience. My apartment is perfect, the communal area is very spacious and accessible and my room is very comfortable, which has made my experience of moving out of home much easier than expected.

The facilities at my are amazing too, I love the gym and the many study areas are ideal too. All staff have been helpful and patient with any queries i have had to date also. So overall a pretty perfect place.

POPPY TORRINGTON

Nido Haymarket

Edinburgh

When moving into Nido I was warmly welcomed by the team, who are always there for a chat. The rooms are cosy and well laid out, with any maintenance issues seen to immediately. The location is perfect with supermarkets around the corner and Princes Street a 10 minute walk away. There are also fun events throughout the year that you can get involved in, which means that you can get to know your neighbours!

ABHIRUP CHAKRABORTY

Nido Curraheen Point

Cork

Fantastic accommodation. As an international student, new to Ireland, the Nido team at Curraheen point made me feel very welcome. My studio apartment was well equipped with all utilities needed. The building management provides great attention to health safety during this pandemic.

LAURA DUGDALE

Nido Castle Hill

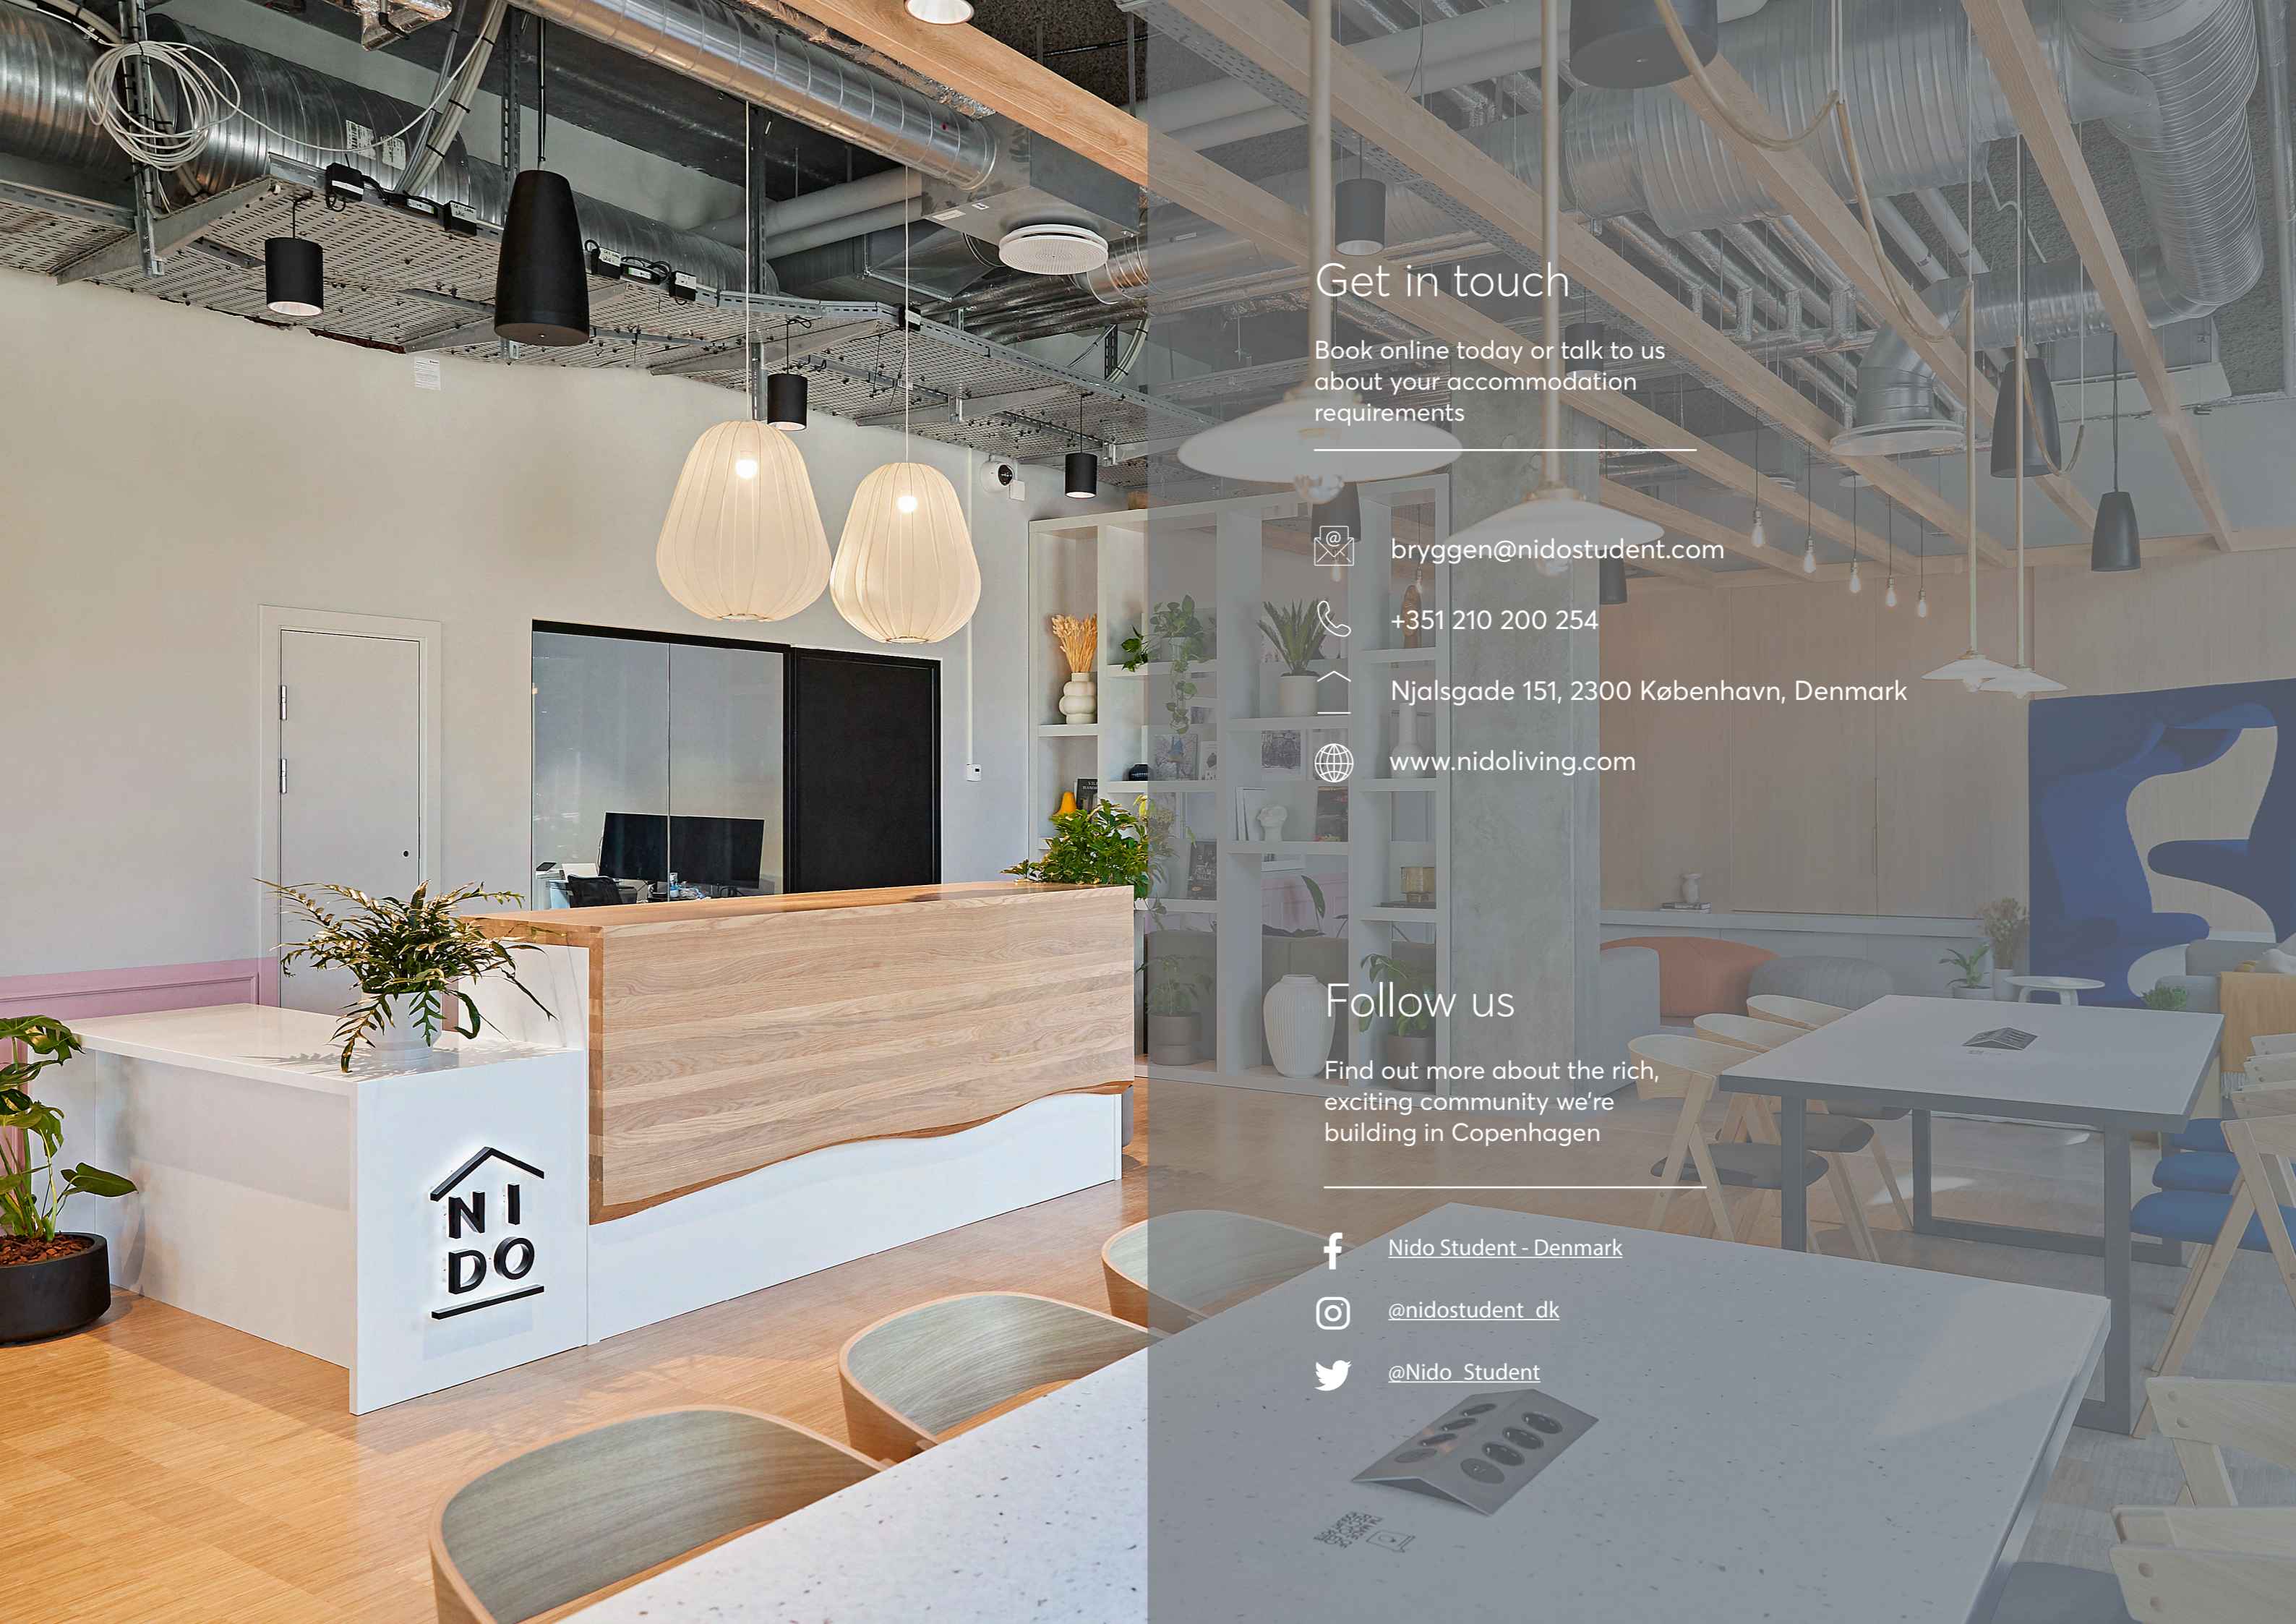

Cambridge

I have had the best experience with Nido! The rooms are amazing and modern and everything is very clean. All the staff are amazing and will do everything they can to help out. The facilities are great, including a common room where events are hosted to help meet new people and make friends. I have never felt so welcomed before and no other accommodation compares to Nido. I would recommend Nido accommodation to anyone!
