WE ARE NIDO

Welcome to your Nido

We're not your typical student accommodation in London. We're looking to the future. Not of our business, but of the planet and its people. We know the people living in our Nido community will shape tomorrow. You're going to make the world a kinder, more sustainable, healthier and smarter place.

We love being in London. It is a vibrant, multi-cultural 24-hour city with new and exciting adventures around every corner. We know that convenient locations are important to you, that's why Barnard Point is just minutes' walk away from Wembley Park Underground Station.

At your Nido you can enjoy our brand-new common spaces with plenty of comfy seating. Perfect for you to meet your new neighbours in the building (whilst keeping your distance of course!) Our study room may also come in handy for those late-night study sessions. Take advantage of all our spaces, plus super-fast WiFi and events throughout the year. We think you're going to like it here.

We know this year has been full of uncertainty, so we want you to know that we are doing everything we can to ensure you have a safe and enjoyable stay with us. Should you need anything else during your stay, our Nido Barnard Point team will always be on hand to help.

Fire Alarm

In the event of a fire alarm, please follow the green running man exit signs and evacuate the building immediately. Do not use the lifts or stop to collect personal items.

Please head straight to the Fire Assembly point. The assembly point is opposite reception on the other side of the road. Please stand on the pavement and take care when crossing the road. Residents and staff may not re-enter the building until instructed to do so by the proper authorities.

The building's fire alarm system is tested every **Wednesday at 2pm**. The test can be identified by a short burst of the alarm. This is the **ONLY** time you do not need to evacuate the building, unless the alarm does not stop. If you can hear the alarm in the corridor but not in your room, please notify the team of this right away.

Remember: Tampering with or impeding the equipment puts everyone's lives at risk. An engineer must be called to check the equipment is working correctly and carry out any repairs resulting from damage. All such repairs and call out charges will be charged to the student/s concerned. Please remember you are responsible for your guest's actions within the building. Costs may reach up to (but are not limited to) **£1,000**.

First Aid

If you have injured yourself or are feeling unwell, please notify the team. We will be happy to help or advise you. Please inform someone and do not suffer alone. Please register with the NHS health service before you need medical advice. Visit: bit.ly/NIDONHS.

Call **111** when you need medical help fast but it's not an emergency. For urgent and emergency care services in Scotland dial **999**.

We understand things can feel overwhelming or concerning in relation to many things including Covid-19, studying, relationships etc. We are here to support you at all times, if you are feeling unwell or think your mental health is in jeopardy please speak to a member of our residence team as we are here to help and can put you in touch with the right person to speak with further.
