

SELENE

ACCESSORIES | Indoor
HAGIT PINCOVICI

A tribute to the ethereal beauty of the moon, Selene is Hagit Pincovici's low cabinet that reinterprets the demands of elegance and functionality with a whimsical touch of great impact. The clean, linear design of the structure is enriched by a refined circular insert available in different varieties of marble, which evokes lunar charm through natural veining and striking shades. The base and decorative inserts in satin-finished brass give bright reflections, creating a sophisticated contrast to the lacquered surfaces of the cabinet. The balance between precious materials and essential lines makes Selene a versatile piece of furniture, ideal for furnishing living or sleeping areas with a refined style.

Structure: mDF structure, with reinforcing aluminium sheets, lacquered in true coloured polyester, produced in 8 full-colour hands, with 100 gloss brushed finish.

Circular stone insert with waterproof protective oil with aluminium honeycomb support, 14 mm thick.

Internal shelves in 8 mm thick extra-clear tempered glass.

Feet / Legs: base in satin brass with wax finish.

Decoration: decorative inserts in satin brass with wax finish.
