

TESTIERA A MURO

## TIME

WALL-MOUNTED HEADBOARD

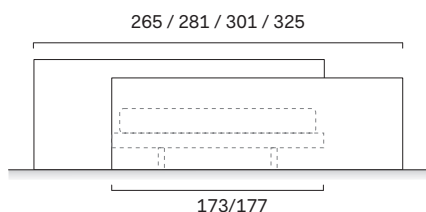

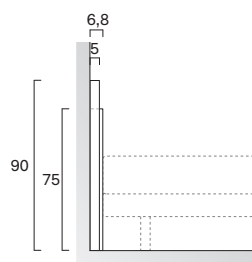

design by Novamobili Studio

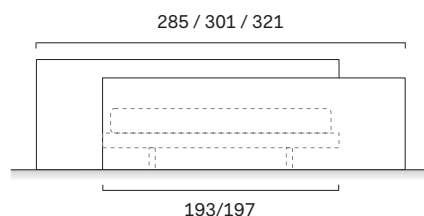

La testiera a muro Time è formata da due pannelli sovrapposti di altezze differenti, da abbinare tra loro anche scegliendo due finiture diverse, inclusi tessuto sfoderabile e tessuto spalmato. Attrezzabile con contenitori pensili come il Tetris, arreda lo spazio notte dando vita a diverse combinazioni, abbinandosi ai giroletti disponibili.

*The Time wall-mounted headboard is made up of two overlapping panels in different heights, and also gives you the option of pairing two different finishes, including imitation leather and removable fabric. With optional wall units like Tetris, it makes a welcome addition to the bedroom scheme, teaming up with the range of bed surround options to create different combinations.*

### DIMENSIONI / DIMENSIONS

**Per rete da 160 /  
For 160cm-wide mattress base**

Il meccanismo di apertura consente di portare il piano del letto in posizione rialzata. È studiato per facilitare l'operazione quotidiana di riassetto del letto. Lo stesso meccanismo prevede anche il movimento di apertura totale per accedere al contenitore.

The opening mechanism is designed to lift the bed surface into the raised position. Designed to make the daily job of making the bed easier. The same lift mechanism also has a fully open setting to allow access to the storage base.

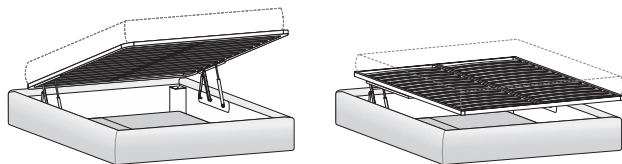

## SOMMIER / SOMMIER BED

### Letto SOMMIER / SOMMIER bed

| Dim. rete<br>Base dim. | Larghezza<br>Width | Profondità<br>Depth | Altezza<br>Height | Peso<br>Weight |
|------------------------|--------------------|---------------------|-------------------|----------------|
| 160x200 cm             | 177 cm             | 217 cm              | 32 cm             | 23,4 kg        |
| 180x200 cm             | 197 cm             | 217 cm              | 32 cm             | 24,4 kg        |
| 152x203 cm             | 169 cm             | 220 cm              | 32 cm             | 23,4 kg        |
| 193x203 cm             | 210 cm             | 220 cm              | 32 cm             | 24,4 kg        |

### Letto SOMMIER con contenitore / SOMMIER bed with storage base

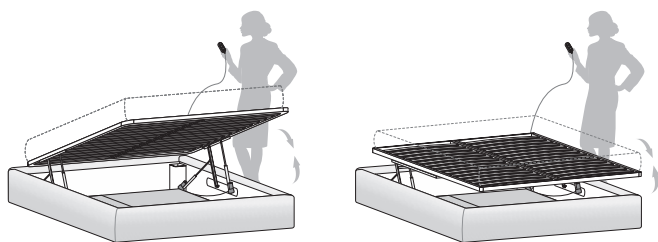

Il meccanismo di apertura consente di portare il piano del letto in posizione rialzata. È studiato per facilitare l'operazione quotidiana di riassetto del letto. Lo stesso meccanismo prevede anche il movimento di apertura totale per accedere al contenitore.

| Dim. rete<br>Base dim. | Larghezza<br>Width | Profondità<br>Depth | Altezza<br>Height | Peso<br>Weight |
|------------------------|--------------------|---------------------|-------------------|----------------|
| 160x200 cm             | 177 cm             | 217 cm              | 32 cm             | 82,5 kg        |
| 180x200 cm             | 197 cm             | 217 cm              | 32 cm             | 92,3 kg        |

The opening mechanism is designed to lift the bed surface into the raised position. Designed to make the daily job of making the bed easier. The same lift mechanism also has a fully open setting to allow access to the storage base.

### Letto SOMMIER con contenitore motorizzato \* / SOMMIER bed with motorized storage base \*

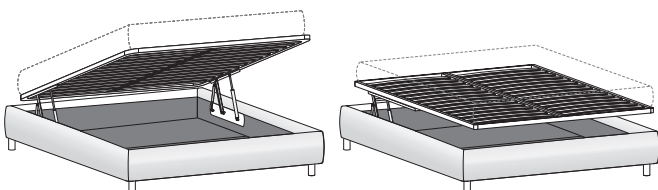

\* Il motore elettrico per l'apertura motorizzata prevede l'allacciamento alla rete domestica sul lato testiera. Viene fornito con spina EU, oppure a richiesta con spina britannica a 3 poli. Il telecomando in dotazione funziona tramite collegamento con filo.

| Dim. rete<br>Base dim. | Larghezza<br>Width | Profondità<br>Depth | Altezza<br>Height | Peso<br>Weight |
|------------------------|--------------------|---------------------|-------------------|----------------|
| 160x200 cm             | 177 cm             | 217 cm              | 32 cm             | 82,5 kg        |
| 180x200 cm             | 197 cm             | 217 cm              | 32 cm             | 91,9 kg        |

\* The electric motor for motorized opening needs to be plugged into the home's power supply on the headboard end. It comes with an EU plug as standard, or can be ordered with a British 3-pin plug. The remote control provided works via a wired connection.

### Letto SOMMIER rialzato con contenitore / Raised SOMMIER with storage base

Il meccanismo di apertura consente di portare il piano del letto in posizione rialzata. È studiato per facilitare l'operazione quotidiana di riassetto del letto. Lo stesso meccanismo prevede anche il movimento di apertura totale per accedere al contenitore.

| Dim. rete<br>Base dim. | Larghezza<br>Width | Profondità<br>Depth | Altezza<br>Height | Peso<br>Weight |
|------------------------|--------------------|---------------------|-------------------|----------------|
| 160x200 cm             | 175 cm             | 217 cm              | 35 cm             | 95,8 kg        |
| 180x200 cm             | 195 cm             | 217 cm              | 35 cm             | 102,9 kg       |

The opening mechanism is designed to lift the bed surface into the raised position. Designed to make the daily job of making the bed easier. The same lift mechanism also has a fully open setting to allow access to the storage base.
