Get the look featured on the front cover using either of these fasteners:

Our concealed iron baluster fasteners are designed to give you a clean, finished look without the need for adhesives or shoes. Simply slide the plastic insert into the bottom of the trimmed baluster, install the dowel screw into the tread, and screw the plastic insert and baluster tight against the tread surface. Made for all our 1/2" hollow square iron balusters installed on open tread or level runs. Each kit includes tapered plastic insert, dowel screw, and instructions.

For 1/2" Balusters Only
(Level Applications)

MODEL #	CSD #
LIH-HOLINSERTW/SCREW	4300393

Our newest concealed iron baluster fastener can be used for open tread stairs, kneewall stairs and level runs. Simply install the lag of the assembled fastener into the wood tread, kneewall plate or landing tread and slide the bottom of the trimmed baluster over the fastener until the baluster is tight against the wood mounting surface. Made for all our 1/2" hollow square iron balusters and comes with instructions. Patent Pending.

For 1/2" Balusters Only
(Level and Kneewall Applications)

A NOVO Building Products Company

L.J. Smith Stair Systems launches Modern, State-Of-The-Art Handrail Production Line in Bowerston, OH!

QUICK LEAD-TIMES

One of the fastest handrail production lines, and the only one of its kind in the world!

More than doubles our production capacity with a goal of cutting lead-times in half!

LARGE SELECTION OF INVENTORY AND OPTIONS AVAILABLE

We can produce nearly any species of wood in more than 40 standard profiles. And with our custom capabilities, we can produce just about anything your customer can dream up.

TOP QUALITY, MADE IN USA

Our new production line is 1-1/2 football fields long, and integrates state of the art technology with precision machining and glue application to produce a sturdier, higher quality handrail.

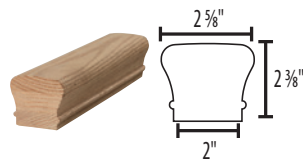

Contact your L.J. Smith sales representative today to learn how we can serve all your stair system needs.

WARNING: Drilling, sawing, sanding or machining wood products can expose you to wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection. For more information go to www.P65Warnings.ca.gov/wood

Panel Posts

Panel Post for Level Runs and Open Tread Stairs

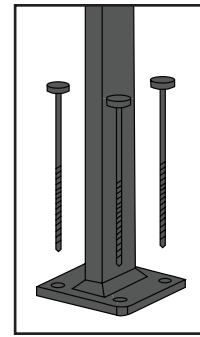

P-POST2H
2-Hole Foot Plate

Panel Post for Level Runs and Open Tread Stairs. Often used at the end of a level run that ends near a wall.

P-POST4H
4-Hole Foot Plate

Each Spacer Newel and Panel Post comes with foot lag screws for attachment to the mounting surface. Spacer Newels also include wood screws for attachment to the handrail. Each Panel Post includes 3 Panel Post and Barrel Fasteners for attachment to the panel.

P-SCREW114
1-1/4" Rail Wood Screw

P-POSTFTSCR2.75
2-3/4" Post Foot Lag Screw

P-POSTBOLT1.0
Panel Post and Barrel Fastener

Panel Posts are used to secure panels on open tread stairs and level runs when the panels are elevated above the floor.
