A NOVO Building Products Company

L.J. Smith Stair Systems launches Modern, State-Of-The-Art Handrail Production Line in Bowerston, OH!

QUICK LEAD-TIMES

One of the fastest handrail production lines, and the only one of its kind in the world!

More than doubles our production capacity with a goal of cutting lead-times in half!

LARGE SELECTION OF INVENTORY AND OPTIONS AVAILABLE

We can produce nearly any species of wood in more than 40 standard profiles. And with our custom capabilities, we can produce just about anything your customer can dream up.

TOP QUALITY, MADE IN USA

Our new production line is 1-1/2 football fields long, and integrates state of the art technology with precision machining and glue application to produce a sturdier, higher quality handrail.

Contact your L.J. Smith sales representative today to learn how we can serve all your stair system needs.

Non-Sag Adhesive

This non-sag adhesive is a flexible and highly versatile rubber-based compound that exhibits exceptional adhesive contact and sealant qualities. It is perfect for vertical or overhead use such as drilled holes on the underside of handrail for iron baluster installation. The tack time is approximately 4 minutes with a full cure time of 24-72 hours, depending upon amount used, temperature and humidity. Use with a standard caulk gun cartridge. Fills approximately 110 holes depending on hole size. 10.2 oz clear adhesive. Dries clear.

3044 Versa Tool

Our VersaTool locates holes as well as starts and tightens hex nuts onto rail bolts. Drives 5/16" rail bolts and tightens 1/2" hex nuts. Also used to locate 1/4" pilot hole on handrails & rail drops for attaching to Conect-A-Kit® handrail fittings

3033 Dowel Runner

For driving dowel screws into
baluster bases. Use with drill
driver
