

NEW YORK STATE GIS ASSOCIATION

Recognition of

Individual Achievement in GIS

is hereby granted to

Catt Yann Campbell

Catt Yann Campbell has been the GIS Administrator for Tompkins County for the last 18 years. She has worked developing and deploying spatial databases to support enterprise-wide systems including land records, environmental health, transportation, public safety, and emergency response systems. She has created a web presence for Tompkins with interactive mapping applications such as the County Community Base Map along with other web sites for in-house use. Recently, she has worked with the US Census to update records for the county. Catt Yann insures staff stays current with GIS software with training opportunities. Her hard work is making Tompkins County a star in the New York State GIS world.

It is with great pleasure that we recognize Catt Yann Campbell for her dedication, hard work, and contributions to the growth of GIS in NYS

Awarded: September 2019

Richard A. Reichert, President
