

2020 NZRCA AGM AGENDA

1. Meeting Open: 11:55am
2. Welcome [Matthew Banks \(NZRCA President\)](#) welcomed everyone to the AGM
 - [People In Attendance:](#)

Name	Role	Number
Matthew Banks	Meeting Chair / Delegate	04
Scott Kendall	NZRCA Secretary	
Rex Wessels	NZRCA Treasurer	
Darryl Maslin	NZRCA EP Onroad Tech Officer	
Dean Evans	Delegate	07
Luke Prattley	Delegate	09
Julian Hardy	Delegate	10
Antony Mara	Delegate	12
Selwyn Duthie	Delegate	13
Stu Macferson	Delegate	14
James Dale	Delegate	15
James Corrigan	Delegate	21
Amber Kendall	Delegate	23
Ron Groom	Delegate	24
David Beck	Delegate	26
3. Apologies [Counties, Whangarei, Bay Of Plenty, Tauranga Indoors, Nelson, Dargaville](#)
Minutes from last AGM Accepted as read - **Seconded 04 – Passed unanimous**
4. Matters Arising
 - [2012 host agreement form and national race guidelines](#) still a work in progress. Significant updates have been made via the NZRCA website
 - [Lack of Club attendance at AGM](#) by some club noted and request for NZRCA to be firmer around getting more clubs to attend the AGM**Matters arising - Seconded 04 – Passed unanimous**
5. Correspondence
[Communication hub in place for communication between clubs.](#) Uptake has been good so far
Correspondence - Seconded 04 – Passed unanimous
6. Financial Report – [See Appendix 1](#)
 - [Presented by Rex.](#)**Correspondence - Seconded 23 – Passed unanimous**
7. Presidents Report
 - [Covid 19 – Thanks to all clubs for their assistance to comply](#)
 - [Life members awarded today acknowledged and thanked for their service](#)
 - [1 year ago launched the revised NZRCA website](#)
 - i. [Clubs could put their info on it](#)
 - ii. [Online licencing as of 1st January.](#)
 - iii. [Proposal to give it a big update with communication hub.](#) This was put in place by February this year – huge THANKS to Michael Van der Haas
 - iv. [Thanks to Rex, Amber, Matt, Scott for all their work getting this working](#)
 - [Communication hub was put in place so clubs could talk with both the NZRCA direct and their members](#)
 - [Online events for live event registration for all clubs](#)
 - [92% of all current active clubs have taken this up and using](#)
 - [Largest class in NZ is currently 4wd stock \(based on online entries\)](#)
 - [235 events listed \(to date – approx. 5 months\)](#)
 - [3200 drivers entered to events \(to date – approx. 5 months\)](#)
 - [Insurance cover has been updated. Better cover at less cost from new provider.](#)
 - [Funding – I personally believe if we have good facilities people will want to come race. I want to work with clubs to put together wish lists and assist clubs to gain funding to make wish lists possible](#)
 - [Promoting – our numbers are very close to last year \(900 members\). This is the first year in a long time we haven't had any decline. We need to be focused on promoting clubs, promoting events via Facebook and really good website.](#)

PRESIDENT

Matthew Banks
matthew@buildmaster.co.nz
C: 021 388 813

SECRETARY

Scott Kendall
scott@randommail.co.nz
C: 021 273 8046

-
- Stop the madness. One thing that hurts our sport is madness. Madness is a word I use where there is conflict either with members, clubs, within clubs etc. Really want to work with all clubs to help stamp the madness out.
Seconded 26 - Passed unanimous
 - 8. Election of Officers
Appendix 2 - See Attached Nominations for the following positions:
 - 9. Events
Appendix 3 Below
 - 10. Remits
Appendix 4 Below
 - 11. Setting of Annual Fees
 - Propose drop of licence fee to \$5 per member: **Seconded 9 - Passed unanimous**
 - Propose to leave club affiliation fee at \$200 but to introduce and affiliate club fee of \$50 for clubs who are non-active or want to join the association but without the full benefits (eg Lifetime). Clubs can pay additional \$150 at any point during the year to upgrade to full with benefits: **Seconded 9 - Passed unanimous**
 - 12. General Business
 - General Discussion Letter - Manawatu Presented by Julian Hardy for further future discussion.

Meeting closed 4:19pm

Treasurer's Report

2020 was a year of spending and improving for the NZRCA. We have undertaken many projects with high initial outlays, but they will continue to add value over the coming years and reduce operating costs. This year, invoices we received has been paid on time in full, and the final remaining outstanding invoices from previous years have all been paid. This is made possible by using instant messaging and getting quick turnaround on committee member approvals.

Livetime changed from billing up front to billing us for what we have used, and thus we had double the cost this year, to cover the last 2 years. Votenet was used for individuals to vote on remits, but this will eventually be replaced by functionality on our own website, thus reducing those costs in the future. We have spent a large amount on website development, and the uptake has been phenomenal. It is really a one stop shop for everything regarding our sport. It also makes a lot of the administration tasks far easier. There are still some more enhancements to come, but the website is eliminating numerous operational expenses, thus effectively paying itself off.

The NZRCA has also done some Facebook advertising of major events, and will continue to spend money on advertising, helping clubs to promote their NZRCA sanctioned regional and national events.

We are posting a loss this year that amounts to \$7,127.95. There are a few reasons for this. We had some late payments on invoices, in particular, the NZRCS (Speedway club) only paid their \$3,000 licence and affiliation invoice in July, which meant it was not included in this financial year. This will be reflected in next year's statement. As mentioned, we also had to pay a double fee for LiveTime, which is \$1,870 more than typical (this is basically covered by last years' profit). We will also be using our own website for remit voting going forward. This option did increase the web site development costs but will be saving us \$2,578 annually, now and in the future. Taking these things into account and looking at the long-term forecast, we are still in a very health position overall and still have a very positive bank balance.

Statement of Accounting Policies Reporting Entity:

1. The financial statements have been prepared in accordance with generally accepted accounting principles. Please note that at the time of printing these accounts have not yet been audited by a suitably qualified person, appointed by the executive board.
2. Goods & Services Tax: The New Zealand Radio Car Association is not registered for GST and the financial statements are prepared on a GST inclusive basis.
3. Investments: Investments are valued at cost plus accumulated interest.
4. Fixed Assets: Fixed assets are initially recorded at cost.
5. Taxation: Income derived by an association established to promote an amateur game or sport is exempt from income tax. Provided:
 - a. The game or sport is conducted for the recreation or entertainment of the general public, and no part of the funds of the association are available to be used for the pecuniary profit of a member or one of their associates.

The New Zealand Radio Car Association meets these criteria.

6. Depreciation: In accordance with the Framework for Differential Reporting, depreciation has been charged at the maximum rates permitted by the Income Tax Act 1994.
7. Commitments: Capital Commitments - The New Zealand Radio Car Association has no contracts for capital expenditure at balance date.
8. Contingent Assets & Liabilities: The New Zealand Radio Car Association has no contingent assets & liabilities at balance date that I am aware of except for an unknown payment that may need to be refunded. I have listed this as a liability for the time being.

Asset Register

Assets	Cost	Depreciation Amount 20% of cost	2017 Closing	2018 Closing	2019 Closing	2020 Closing
Decoder, Cabling, Loop Oct-2012	\$5,303.34	\$1,060.67	\$976.24	\$0.00	\$0.00	\$0.00
Test Equipment Oct-2012	\$650.00	\$130.00	\$207.33	\$77.33	\$0.00	\$0.00
Scales Nov-2012	\$140.00	\$28.00	\$34.13	\$6.13	\$0.00	\$0.00
Voltmeters Feb-2019	\$479.72	\$95.94	N/A	N/A	\$463.72*	\$367.78

*Voltmeters depreciated for 2 months (pro-rata)

Auditor's report

I have reviewed the Financial Statement for the year ending 31 March 2020 and, in my opinion, believe that they give a true and fair review of the financial position of the NZRCA.

Deborah Crosland (NZDipBus)

2020 NZRCA AGM Remits

GENERAL RULES

Remit 1 Capital Model Racers Radio Control Car Club (Remit 1)

Current Rule: G1.1

Any driver who is a current financial member of an NZRCA affiliated Club must hold an NZRCA National Racing License which will entitle them to compete at any NZRCA race meetings. An exemption will be made for overseas drivers who can show that they have current affiliation to their country's R/C Car Governing body.

Proposed Rule: G1.1

G1.1 All drivers must hold a current financial membership of an NZRCA affiliated Club and an NZRCA Racing License, which will entitle them to compete at any NZRCA meetings. An exemption will be made for overseas drivers who can show that they have a current affiliation to their country's R/C Car Governing body

Reason:

This is to give clarity around License requirements in regards to NZRCA insurance cover.

Seconded	13
For	04, 07, 09, 10, 12, 13, 14, 15, 21, 23, 24, 26
Against	
Abstained	
Result	✓ Passed

Remit 2 Capital Model Racers Radio Control Car Club (Remit 2)

Current Rule: No current rule

Proposed Rule: New Rule to be placed as G1.1.1

All NZRCA meetings will follow the below category

- National Events (New Zealand Champs/ North Island Champs/ South Island Champs)
- Major Events (e.g Waikato Champs, Regional events etc)
- Club Events

Reason:

This is to give clarity around License requirements in regards to NZRCA insurance cover.

Seconded	13
For	04, 07, 09, 10, 12, 13, 14, 15, 21, 23, 24, 26
Against	
Abstained	
Result	✓ Passed

Remit 3 Little Forest Raceway (Remit 3)

Current Rule: G1.3

Cash prizes or any other means of payment (paper tickets or coins of an obvious exchangeable value) are strictly forbidden. Gifts may be given as prizes, but must not exceed the price of an average car kit for that given class.

Proposed Rule: G1.3

Gifts may be given as prizes, but must not exceed the price of an average car kit for that given class.

Reason:

Remit 8 Manawatu Radio Control Car Club (Remit 8)

Current Rule: G1.8

Consumption of Alcohol by organisers, competitors and their associates during an NZRCA sanctioned event shall not be permitted.

Proposed Rule: G1.8

G1.8 Consumption of Alcohol by organisers, competitors and their associates is not be permitted during the hours of racing during a NZRCA event.

Alcohol may be consumed after the last race of each day, and during prizegiving if the organiser of the event stipulates this in their supplementary regulations.

Reason:

As rule currently reads you may not consume alcohol during the entire event. That is not the intent, and needs to be clarified. By allowing the organiser to state in the supplementary regulations of the event if alcohol maybe permitted this is then in the hands of the host club whether or not they believe this is necessary.

Remit 12 Little Forest Raceway (Remit 12)

Current Rule: No current rule

Proposed Rule: New Rule to be placed as G2.5

The NZRCA Health and Safety Officer may (provided 66% majority vote "in favour" of the full NZRCA executive) alter, amend, delete, or introduce any rule that directly impacts the Health and Safety of any NZRCA member, with the rule to change/deletion/inclusion to take immediate effect.

Reason:

The NZRCA executive currently has no power to make necessary changes that directly relate to health and safety issues, and although they can send out guidelines, the power to keep everyone safe should be of high importance.

Remit 23 Taranaki Radio Control Car Club (Remit 23)

Current Rule: No current rule

Proposed Rule: New Rule to be placed as General

Current Rules;

Tyre additives, particularly in EP on road rules are confusing, rules A1.13, A1.17, A22.7 contradict one another. But also, in EP off road B1.10 and in IC on road C8.2, C19.1, C43.5, C45.4.10 and in IC off road D12.1, D12.3, D19.1, D19.5 all need a tidy up to create consistency.

Proposed Rule;

Create a rule in NZRCA General rules banning tyre additives in all classes. Then remove the conflicting contradictory rules in the sections, e.g. EP on road A1.13, A1.17, A22.7, EP off road B1.10 IC on road C8.2, C19.1, C43.5, C45.4.10 and in IC off road D12.1, D12.3, D19.1, D19.5. **Tire additives are prohibited in all racing classes**

Reason:

To standardise terms used, to make it clearer how NZRCA want to ban additives and overall make it simpler for the drivers to understand by having consistent rules.

---------------	----------

Remit 24 Taranaki Radio Control Car Club (Remit 24)

Current Rule: No current rule

Proposed Rule: New Rule to be placed as General

Remit 1:

Current Rules;

A20.9 (open), A21.8 (open), A22.7, B15, C8.2, C43.2, D12.1 (open), D19.1 (open), V12.2 (no restrictions).

Proposed Rule;

Control tyres, a general rule needed for the way NZRCA stipulate “control” or for that matter “spec” tyres at NZRCA events are to be managed. If we proceed, we believe we need to standardise wording and potentially remove the tyre rules in the various sections (e.g Rules A17.3, A19.10(MO3??) A20.9 (open), A21.8 (open), A22.7, B15, C8.2, C434.2, D12.1 (open), D19.1 (open), V12.2 (no restrictions)) and only have it in the NZRCA General Rules. An example would be to use the likes of A17.3 or B15 into general rules and write it to cover “control” or “spec” tyres then generalise it to cover all classes.

The final options are open for discussion, it may be better to leave the “open tyre” term in section rules then specify how we control or spec tyres for non-open tyre classes.

Reason:

Reason: To standardise terms used, to make it clearer how NZRCA want control/spec tyres managed and overall make it simpler for the drivers to understand by having consistent rules.

Remit 33 Hawkes Bay Radio Control Car Club (Remit 33)

Current Rule: A7.1

BRUSHED MOTORS: Only permitted motors are unopened, unmodified Johnson 540s or Mabuchi 540s closed can, sealed end bell, brushed, with non-replaceable brushes and bushes. Motors to be supplied from Trevor Brignans Ltd.:

- a. Part No. Mabuchi RS540 standard motor or
- b. Part No. 53689 Johnson RS540 motor.
- c. Part No. Mabuchi RS540SH

Proposed Rule: A7.1

A7.1a Drivers can only use the specified 21.5 Brushless motor as selected by the NZRCA for that year.

A7.1b The specified motor, to be chosen by NZRCA executive will be updated in a regular two yearly cycle using a tender process.

A7.1c The motor selected will be specified for a two 'calendar' year window .

The third year would act as a *crossover, when the newly specified motor would take effect, but the current motor could still be used.

Example:

Motor "A" would be specified for years 2021 & 2022.

Motor "B" would be specified for years 2023 & 2024

Motor "C" would be specified for years 2025 & 2026 etc etc

*During 2023 a driver may continue to use Motor "A".

*During 2025 a driver may continue to use Motor "B".

Reason:

The use of a Spec motor during 2018/2019 years was generally regarded as an unqualified success by Stock Class drivers. It levelled the playing field and took away the need for "motor of the week". It also kept costs down by not being the most expensive motor available. The two-year window is reasonable in terms of technology updates, yet gives bang for buck not having to update every year. The 3rd 'crossover' year makes it more attractive for those on a budget. This remit would also return the Stock Touring Class to a controlled motor class, Differentiating between the three touring car classes more than just motor turns. This is also the reason for renaming the class as 21.5 Spec Touring Class. NOTE: If it goes through, we will need to change the F1 rule to remove the reference to the stock motor

Remit 36 Hawkes Bay Radio Control Car Club (Remit 36)

Current Rule: A7.2.1

Motors for Stock Touring class to be ROAR/EFRA/IFMAR approved brushless motors with a minimum of 21.5 turns.

Proposed Rule: A7.2.1

A7.2 Tender criteria

Motor Supplier:

A7.2.1 Cost to NZRCA members must be in region of \$100 - \$130NZ (incl GST)

A7.2.2 Motor must be guaranteed by supplier to be available for 2 years from date of acceptance of tender.

A7.2.3 Successful supplier must hold in stock sufficient product to be readily available for purchase at any time during the nominated 2 year period.

Reason:

The use of a Spec motor during 2018/2019 years was generally regarded as an unqualified success by Stock Class drivers. It levelled the playing field and took away the need for "motor of the week". It also kept costs down by not being the most expensive motor available. The two-year window is reasonable in terms of technology updates, yet gives bang for buck not having to update every year. The 3rd 'crossover' year makes it more attractive for those on a budget.

Remit 44 Hawkes Bay Radio Control Car Club (Remit 44)

Current Rule: A19.12

Spec Motor and ESC

Hobbywing Stock ESC / 17.5 Motor COMBO. #XR10-JS5-G2. The ESC and motor to be retendered on a 2 year basis

- Only permitted motors are unmodified Hobbywing 17.5 (PN 30408006). Motors to be from the Combo Kit #XR10-JS5-G2.
- A stock motor run at 8 volts unloaded must draw no more than 1.7 amps.
Any motor which draws close to the maximum allowable current (1.7amps) be subjected to a timing test to ensure it has no more than 35Deg timing.
- The battery plug may be changed, however no other component/s relating to the speed controller maybe altered.
- The motor wire bullet plugs must be used without modification.

Proposed Rule: A19.12

A19.12 Spec Motor and ESC

Hobbywing Stock ESC / 17.5 Motor COMBO. #XR10-JS5-G2.1

The ESC and motor to be retendered on a 2 year basis.

- Only permitted motors are unmodified Hobbywing 17.5 (PN 30408006 and 30408011).
- A stock motor run at 8 volts unloaded must draw no more than 1.7 amps.

Any motor which draws close to the maximum allowable current (1.7amps) be subjected to a timing test to ensure it has no more than 35Deg timing.

c. The battery plug may be changed, however no other component/s relating to the speed controller maybe altered

Reason:

The Kit #XR10-JS5-G2 is No Longer Available and the replacement is the #XR10-JS5-G2.1 The only difference is the motor which is now Ver 2.1 Part Number 30408011 I suggest that either the Ver 2 or 2.1 motor can be used in competition until it comes up for tender next year. As the new combo has solder tabs reference A19.12 d can be deleted.

Remit 53 Manawatu Radio Control Car Club (Remit 53)

Current Rule: B3.11

Finals will be run over a minimum 3 races and points awarded for each result based on placings. Final positions are to be determined by adding a driver's best two points together. In the event of a tie, the next best points for each tied driver is to be used to break the tie. If this still results in a tie, qualifying positions for each driver are to be used to break the tie.

Proposed Rule: B3.11

All A Finals will be run over a minimum 3 races and points awarded for each result based on placings. Final positions are to be determined by adding a driver's best two points together. In the event of a tie, the next best points for each tied driver is to be used to break the tie. If this still results in a tie, qualifying positions for each driver are to be used to break the tie.

Subsequent finals are at the discretion of the organising club. **The organiser shall endeavour to give all finalists 3 races.**

The Race Director, in the case of *force majeure* shall have the power to reduce or remove the number of lower finals.

Reason:

Currently organisers do not have the ability to reduce the amount of finals. At a National Championship event, we should be aiming to celebrate the champions. If a large number of competitors enter the meeting the event may not finish in a time due to large sub finals. This gives the organising club a option.

Remit 57 Little Forest Raceway (Remit 57)

Current Rule: No current rule

Proposed Rule: New Rule to be placed as Fit Between B7 & B8 Existing

B8 13.5T CLASS (2wd & 4wd Buggy Only) MOTOR SPECIFICATIONS

B8.1 BRUSHLESS MOTORS: 540 size (36mm dia x 50mm length) 13.5 turn brushless motors (sensored or unsensored), brand and type are to be EFRA, ROAR or IFMAR approved.

a. Type and brand of ESC used with these is also open, but must be either 'Stock Spec' (have no boost/turbo or timing advance programming) or be running in 'blinky' mode.

b. It is the responsibility of the competitor to prove that their motor has the correct number of winds to comply with this rule.

Reason:

We propose a 13.5 Blinky class so competitors can get more track time at events and the intent would be as per our remit # 2 where competitors who enter stock can enter 13.5t also, and modified entrants can enter 13.5t but Stock cant enter Modified etc. Competitors who only want to run 13.5t can do so also. From discussions with a large number of competitors over the past 36 months, quite a few who used to race stock and mod said they did so for more track time when travelling to events. Introducing a 13.5t class (2wd and 4wd buggy only) we believe will help increase competitor numbers overall at events as we predict 50% of current stock and modified entrants would enter the new classes along with those who only want to enter 13.5t. We believe within 1-2 years, this class would in fact become the largest class.

Remit 63 Manawatu Radio Control Car Club (Remit 63)

Current Rule: No current rule

Proposed Rule: New Rule to be placed as B21.10

Traxxas 7Cell Nimah Batteries maybe used with a Traxxas SCT (Slash2WD or Raptor) as long as they are used with the kit XL-5 ESC (Part #3018R) and 12T Titan Brushed motor (Part Number#3785).

Reason:

RIR has more 2wd Slash racing than any other car (and mostly kids) and to encourage these members into the 2021 Nationals this would mean they can simply enter with what they have, rather than having to buy more equipment. This combination poses no threat for anyone wanting to win the NZ title, but does allow a large group of new racers to join the National Championship event which should be our aim.

LATE MODEL SPECIFICATIONS

Q48. GENERAL

- Q48.1 Appearance must resemble full size Late Model Speedway Car
- Q48.2 Must be based on Baja 5B Platform from the following Manufacturers HPI / Rován Sport / King Motor
- Q48.3 Body is mandatory see body specifications below
- Q48.4 Aluminium upgrade to replace plastic parts permitted
- Q48.5 All measurement for this model are measured from extreme points

Q49 MODEL DIMENSIONS w/BODY FITTED

- Q49.1 MODEL LENGTH w/Body Fitted (OVERALL): Maximum 1200mm
- Q49.2 MODEL WIDTH FRONT: Maximum 510mm
- Q49.3 MODEL WIDTH REAR: Maximum 510mm
- Q49.4 BODY: must be made from Plastic / Aluminium or Fiberglass
- Q49.5 BODY: Maximum thickness of body panel material Plastic 3mm / Aluminium & Fiberglass 1.2mm
- Q49.6 BODY Nose Cone: Must be a Wedge/Top Flared Side Nose Cone unique to a Late Model - Sides of Nose cone sits higher than guards.
- Q49.7 BODY WIDTH FRONT: Maximum 610mm
- Q49.8 BODY WIDTH REAR: Maximum 610mm

Q50 ENGINE

- Q50.1 Minimum engine capacity 28.5cc (29cc) up to Maximum 31.8cc (32cc) as supplied by Zenoah, CY, KM or Rován
- Q50.2 Engine must remain internally stock, NO internal modifications allowed (No Ported heads or Scavenger plates allowed)
- Q50.3 Air filter and exhaust may be changed (as per modifications outlined below)
- Q50.4 Permitted engines are: Zenoah G320RC / Rován 32cc or Standard Engines up to 31.8cc
- Q50.5 Reed valve engines are NOT permitted
- Q50.6 Ignition system must remain standard as per engine manufacturer including sparkplug

Leads, mechanically fixed timing coil only.

Q50.7 Flywheel must remain standard

Q50.8 Clutch must remain standard as fitted to listed engines 5k to 8k springs

Q50.9 Aftermarket Pull Start permitted with catch fitted on Flywheel

Q50A ENGINE MODIFICATIONS

Q50A.1 EXHAUST: Non-standard is permitted and must not be longer than the body, must be Contained within the body. Side pipes permitted. Engine Noise must not exceed 95DbA From a distance of 10M from the model. Using an approved measuring device.

Q50A.2 INTAKE: Carburettor from listed engines only WALBRO WT-603(x), 668, 989, (997), 771, 813, (998), 990 or 1107. Bearing Modification on main shaft allowed. Removal of Choke Shaft allowed.

Q50A.3 Non-standard Intake manifold / Air filter are allowed. Maximum length of insulator Blocks 35mm including gaskets.

Q50A.4 Spark plug may be changed no restriction

Q50A.5 Porting and Polishing is NOT permitted (No removal of any material)

Q50A.6 Gaskets must be paper type (production) and not home made NO copper gaskets

Q50A.7 Bearings must be of stainless-steel type, NO ceramic material permitted

Q51. DRIVELINE

Q51.1 Rear wheel drive only

Q51.2 Locked differentials are NOT permitted

Q51.3 Multi speed gearbox is NOT permitted

Q51.4 Axle Extenders permitted

Q52 FRONT AXLE

Q52.1 Standard as per manufacturer either e-clip or screwed in.

Q52.2 Extenders Permitted

Q53 CHASSIS

Q53.1 Must resemble Standard 2 piece as per manufacturer (can be plastic, aluminium or Carbon fibre)

Q53.1 Stiffener plate can be fitted to front underside

Q54 NERF AND CRASH BARS

Q54.1 Front bumper permitted under nose cone of body

Q54.2 Rear crash bars may be fitted but must stay inside the confines of the body

Q55 BRAKES

Q55.1 Must be fitted and operational

Q55.2 Only manufacturer's standard braking system allowed (disc mounted on hex hub of driveshaft) Upgraded pads and discs allowed

Q55.3 Four-wheel braking system is not permitted

Q56 SUSPENSION

Q56.1 Standard length as per manufacturer for 5B Front/Rear

Q56.2 Shock oil and springs not restricted

Q56.3 Maximum of 4 shocks only

Q57 WHEELS AND TYRES

Q57.1 Aftermarket copies are allowed but have same dimensions as original (Must be commercially available for the Baja 5B, Maximum 170 x 80mm) Rear Wheels and Tyres are

permitted to also be fitted on the Front

Q58 WINGS

Q58.1 Wings are not allowed but rear spoilers fixed and connected all the way along the rear of the body are permitted and must not protrude outside of body

Q59 FUEL / TANK

Q59.1 Fuel = Unleaded / Premium unleaded with oil additive only, no other fuels or additives are allowed

Q59.2 Tank = Must be mounted securely within vehicle

Q60 KILL SWITCH

Q60.1 Must be fitted and operational and may be identified by a blue triangle on body

Q60.2 Third Channel - Remote Kill Switch / Failsafe is mandatory and operational

Q61 RADIO / ELECTRICS

Q61.1 2.4GHz band radio only

Q61.2 'D' boxes/and or gyros are NOT allowed, includes any type of assistance e.g. AVC

Q61.3 ONE only Transponder is to be fitted as near as possible behind front axle

Reason:

by adding the new class this will open up memberships for people who already have engines above 26cc in Baja based cars
