SIZE GUIDE

A - CHEST

While standing naturally measure around the widest part of the chest under the arms, with the arms in resting position.

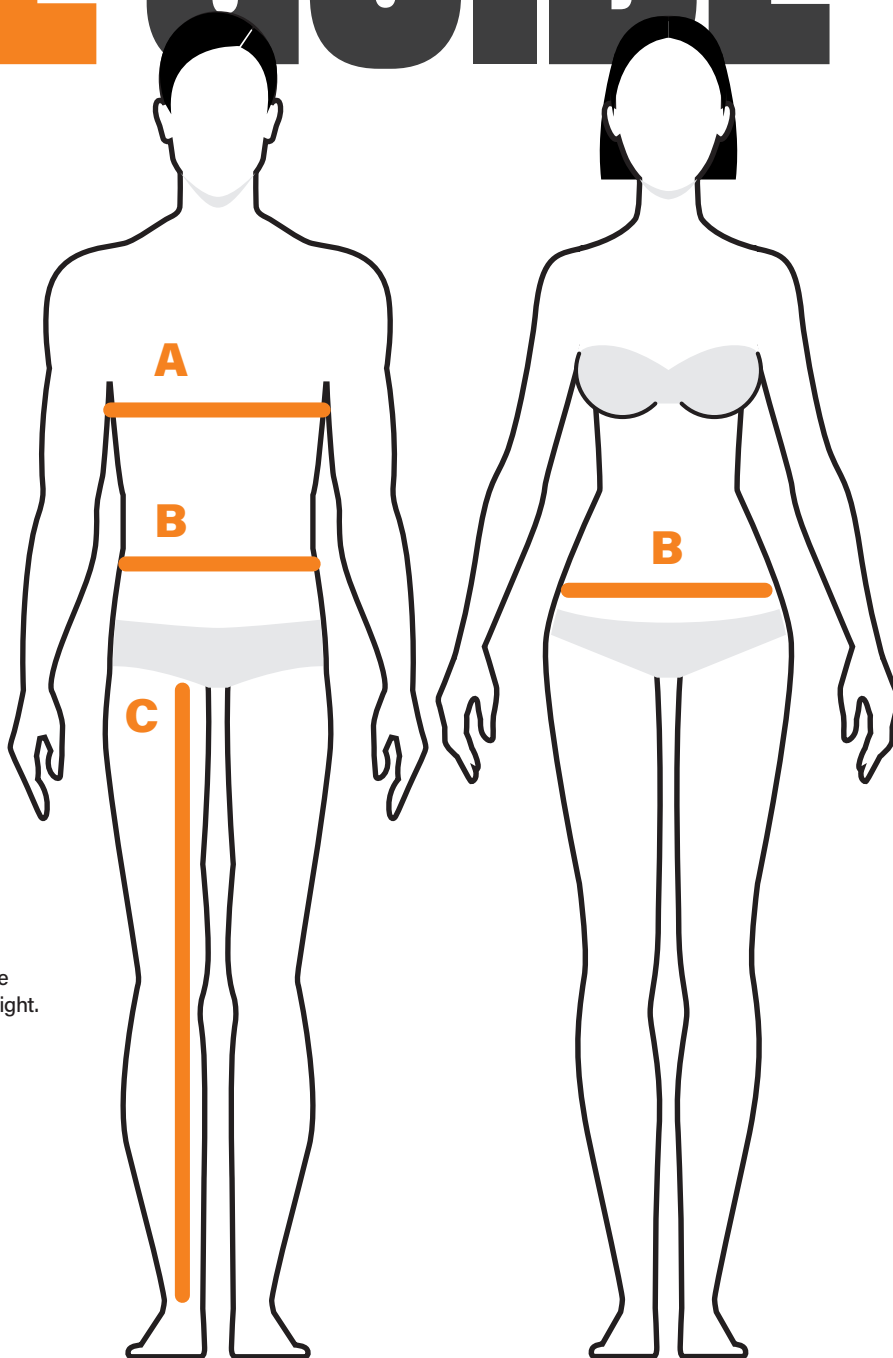

B - WAIST

Measure around your natural waist line, just below navel keeping the tape straight.

C - INSIDE LEG

Measure from the crotch down to the top of the heel of your shoe/boot.

NOTE: All measurements are taken over the clothing with the tape being snug, but not tight.

Tornado

Wherever you find hardworking New Zealanders, you'll also find Tornado, keeping them warm, dry and comfortable even in the worst conditions.

Tornado has been designing wet weather gear for New Zealand's unique climate for over forty years, and in that time has become the country's leading name in outdoor safety workwear. Our products are designed, developed and tested to ensure they meet the demands of a wide range of workplace environments. With the feedback we receive from our loyal customers, we'll continue to create innovative new products using the latest fabrics and technology, for many years to come.

You can trust Tornado to keep you protected.
