

Carbon emissions report

Studio Olafur Eliasson & Fondazione Palazzo Strozzi

Olafur Eliasson Nel tuo tempo

Fondazione Palazzo Strozzi, Florence, Italy
22 September 2022 - 22 January 2023

duration: **17.5** weeks

exhibition area: **1530** m²

distance from SOE: **1106** km

visitors: **163,000**

This carbon emissions report comprises four categories of CO₂e emissions resulting from the exhibition: staff travel, art transport, production, and electricity use during the exhibition.

Studio Olafur Eliasson is dedicated to reducing carbon emissions as much as possible in all aspects of production and operations. Emissions that cannot be reduced to zero are donated in their equivalent climate costs to the following collaboration partners:

Atmosfair FairFuel & Italian Climate Network

Calculated by Climate Partner
