CALL FOR PROPOSAL

ENERGY ACCESS IN AFRICA AND ASIA

We are searching for new campaigns focused on increasing energy access in Sub-Saharan Africa and Asia*.

Campaigns can receive up to **EUR 25.000** support by the [GVEP International Crowd Power program](#). The program researches the impact of crowdfunding on energy access.

Financed campaigns must contribute to the advancement of energy access in target countries. Technologies could be

- Solar – charging, lighting, water, agriculture and other use
- Energy Efficient Cookstoves
- Biogas – units, tanks and stoves
- Biomass – briquettes or gasification
- Wind
- Smart metering systems
- Minigrids – biomass gasification, wind, solar, hybrid
- Improved battery systems

In case you or people you know have a project fitting the criteria, please contact laura@oneplanetcrowd.nl.

*Target countries include Democratic Republic of Congo, Ethiopia, Ghana, Kenya, Liberia, Malawi, Mozambique, Nigeria, Rwanda, Sierra Leone, Somalia, Sudan, South Sudan, Tanzania, Uganda, Zambia, and Zimbabwe in Sub-Saharan Africa. Campaigns supported in Asia will be limited to Afghanistan, Bangladesh, Burma, Kyrgyzstan, India, Nepal, Pakistan, Tajikistan and Vietnam
