

“We believe that the more people know about kashrut, the more we strengthen kashrut worldwide. Besides providing kosher food, part of the mission of OU Kosher is to provide kosher education.”

We've been learning hilchot kashrut in VaYikra and wanted to make these halachot relevant, engaging, and practical for our students. Your presentation was perfect! It showed the students how exciting and intricate the halachot of kashrut can be, using examples that resonated with their lifestyle. Thank you again for a captivating and engaging presentation!
