

Per/Polyfluoroalkyl Substances (PFAS) Declaration

March 25, 2026

Per- and polyfluoroalkyl substances (PFAS), sometimes called "forever chemicals," is a group of thousands of substances widely used in many industries. In-force and proposed measures set restrictions or requirements on PFAS use in some jurisdictions. Different jurisdictions define PFAS differently; therefore, this declaration applies to the broadest regulatory definition, including any fluorinated substance that contains at least one fully fluorinated carbon atom. This includes all substances meeting structure-based definitions used or proposed in the US, EU, UK, Canada, and by the OECD.

Based on our internal review and declarations from our supply chain, OSG USA, Inc. products do not contain intentionally or knowingly added PFAS chemicals.

For additional information, please contact OSG USA Customer Service. Customer Service can be reached at 800-837-2223 or by email at customerservice@osgtool.com.

Respectfully,

A handwritten signature in black ink that reads "Jeff T. Tennant". The signature is written in a cursive, flowing style.
