

Yeshaya Perek 3

- Yeshaya prophesies harshly relating the disintegration of Yisrael's society:
- Hashem will remove His support from all of the leaders, as the leadership has become corrupt. Yeshaya urged the nation to seriously consider whom they are putting in positions of power to be their leaders, as the false leaders have lead the nation away from true service of Hashem.
- Yeshaya related that ultimately it's up to the people whom they choose to empower.
- Hashem, Who sits in Judgment, will judge all of the elders of the generation for their actions.
- The Navi described what will happen to the flirtatious, immoral and seductive women. Hashem will remove all of their garments, adornments, jewelry and makeup, etc., as they become mourners of the destruction that will occur in Yerushalayim.
