

Shoftim Perek 13

- The Plishtim oppressed Yisrael for forty years.
- An angel appeared to the wife of Manoach.
- The angel told her that she would finally be blessed with a child after many years of not having been able to have children.
- The angel warned the wife of Manoach not to eat anything impure, nor drink wine. The child would be a Nazir.
- Manoach expressed a desire to see the angel and confirm the news that was delivered to his wife.
- Manoach brought a sacrifice after hearing the good news.
- Manoach and his wife understood that they had indeed spoken to angel, and not to a “man of G-d” as they had originally thought.
- Manoach’s wife calmed Manoach down.
- The baby Shimshon was born.
