

Yeshaya Perek 34

- Yeshaya gets the attention of the nations of the world to tell them about their impending destruction when Mashiach will come.
- Hashem will release His vengeance on Edom because they harmed Tzion.
- The water in Edom's streams will turn to tar. Fire will burn twenty four hours a day. Wild animals will overtake Edom's desolate land.
- All the words and prophecies in Hashem's book will come true. (According to Rashi and Radak this is referring to the wild animals which the Torah lists in Parshas Sh'mini.)
- Yisrael will ultimately inherit Edom's land.
