

Yeshaya Perek 60

When the final redemption occurs Eretz Yisrael shine forth its bright light.

Divine light will shine forth on Eretz Yisrael, while the rest of the world will be covered with clouds of darkness.

An ingathering of the exiles will occur.

Eretz Yisrael will be happy in its heart.

The Navi relates various nations of the world will subjugate themselves to Yisrael.
Note: This is not a matter of wanting to rule over other nations. Rather it stems from the fact Yisrael will be raised to its original grandeur all will want to connect to Hashem through the Jewish nation.

Klal Yisrael will become financially wealthy. "Bronze will turn into gold, iron into silver."

Violence will cease in Eretz Yisrael.

The sun will be unnecessary as Hashem's light will be unveiled.

"Your people are all righteous and will inherit Eretz Yisrael forever."
