

Yeshaya Perek 64

This perek is a continuation of Yeshaya's prayer from last perek.

"Hashem, You're so powerful, You can make mountains melt.

"No eye ever saw any god other than You do something like this for those who trusted in Him.

"Hashem, You struck us because You were angry. But please remember the merits of our great tzadikim of yesteryear.

"We are all unclean! All are righteous deeds are like filthy rags!

"We're like clay and You are our potter."

"Hashem, please do not be angry at us any longer!

"Can you withhold good from us? Will you remain silent?"
