

Yirmiya Perek 6

Hashem will destroy Tzion.

The impending destruction by Nevuchadnezar is approaching.

Yerushalayim is like a widow in pain, as foreign soldiers trample her soil.

Corruption has filled the streets of Yerushalayim.

People have become deaf to Hashem's word.

The leaders and laymen are both filled with greed and self-centeredness.

"Sit and contemplate your unethical ways.

"Put on sack cloth and prepare for destruction."

The nation has rejected Hashem. Therefore Hashem has rejected the nation.
