

## Yirmiya Perek 31

Note: It seems that the beginning of some of these prophecies have already begun to come true. Keep in mind that these prophecies (like all prophecies) were said approximately two thousand years ago!

A prophecy of comfort:

Hashem relates His love for Am Yisrael.

"I have always, and will always, continue to love you."

Hashem will rebuild the nation.

Eretz Yisrael will once again produce vineyards and grapes.

Jews from all across the globe will return to Eretz Yisrael.

The blind, the lame, and pregnant and nursing women will be among those who return to Eretz Yisrael.

The nations of the world will listen to Hashem.

Rachel Imeinu cries for her children to return to Eretz Yisrael.

Hashem will accept Am Yisrael's teshuva.

Eretz Yisrael will be settled by farmers.

Am Yisrael will be restored to its original greatness.

The third redemption will be greater than the redemption from Egypt.

People will "know God."

Yerushalayim will be rebuilt.
