

Yechezkel Perek 13

Perek 13 is a prophecy against the false prophets of that time.

“Why do you keep predicting based upon your own imagination?

“You keep promising peace when there will be disaster!”

Hashem will destroy all of the false prophets.

Hashem will cause a “great storm” to destroy all of their homes.

The navi explains how the idol worship and fortune-telling of that time will be completely annihilated along with the false prophets.
