

Yechezkel Perek 19

Note: This is just a recounting of the pesukim as they appear.

This perek is a kinah, a lament of Yechezkel over the loss of the kings of Yehudah.

There was a lioness from Yehudah who taught her cubs to destroy anything in their sight.

One of the cubs was captured and thrown into a pit.

However a second cub had become so strong that the sound of his roar alone would destroy anything in its path. But the other lions teamed up to capture and kill him.

The Navi compares Am Yisrael to a plant that was to blossom and flourish. But in the end the plant just withered, was destroyed and was set on fire.
