

Yechezkel Perek 39

Perek 39 is another prophecy about the war of Gog uMagog that will take place in the time of Mashiach.

God is going to destroy Gog, and the place Magog will be set on fire.

Yisrael will melt down by fire all of the weapons from Gog's army for seven years.

Gog and his armies will be buried in Eretz Yisrael, and the burial will take seven months. This will serve as a reminder for all the wondrous things God had done for the Jewish people. (Ramad Walli)

Travelers will not be able to travel through the burial site due to the vast number of corpses that will be there. (Rashi)

The birds and wild animals will have a triumphant feast on the corpses of Gog's armies.

On that day God will reveal His Glory to the world.

Am Yisrael will return completely from exile.

God will no longer hide His face from the Jewish people.
