

Hi everybody. I want to you let know that someone, over the next few days, is matching every dollar raised for Yeshiva Ateres Shimon, who brings you these awesome e-mail programs free of charge. Yeshiva Ateres Shimon has over 21,000 subscribers to its e-mail programs. If everyone would donate whatever they can afford, it would put an end to the yearly fund-raising and allow the Yeshiva to continue to flourish. Thank you all for your support in advance. - Shaya

Perek 44 is a continuation of Yechezkel's vision of the third Beis Hamikdash.

Yechezkel was shown a gate that was to remain closed for the "Prince of Yisrael". Rashi learns that the prince is a reference to the Kohen Gadol. The Radak learns that it's a reference to Moshiach.

Yechezkel saw the "Glory of God" enter the Beis Hamikdash.

Yechezkel was told to warn Yisrael that no uncircumcised male may enter the Beis Hamikdash.

The kohanim/levi'im who lead the nation to idol worship will not be permitted to bring sacrifices. Rather, they will be demoted to do maintenance.

Yechezkel is to address the kosher kohanim who did not lead the nation astray, and reiterate the laws that apply to the kohanim. These kohanim are descendants of Tzaddok Hakohen.

The navi lists the gifts for kohanim.
