

Hi everybody. I want to you let know that someone, over the next few days, is matching every dollar raised for Yeshiva Ateres Shimon, who brings you these awesome e-mail programs free of charge. Yeshiva Ateres Shimon has over 21,000 subscribers to its e-mail programs. If everyone would donate whatever they can afford, it would put an end to the yearly fund-raising and allow the Yeshiva to continue to flourish. Thank you all for your support in advance. - Shaya

Yechezkel Perek 45

This Perek continues to relate Yechezkel's vision of the third Temple.

Note: There is a lot of discrepancy between commentaries as to what the pesukim are referring.

Eretz Yisrael will be divided into thirteen portions, one for each of the twelve tribes and an additional portion that will be shared by the prince, kohanim, levi'im and the Beis Hamikdash.

A further detailed division of Eretz Yisrael, Yerushalayim and the prince's property is provided.

The laws governing the behavior of the prince is listed, which is primarily to be honest.

The sacrifices for the inauguration of the third Beis Haikdash are listed, and the offerings for the Pesach feast are listed.
