

## Hoshea Perek 10

The nation forgot about Hashem because of all the good that they had received.

The nation is held responsible for not getting rid of the two golden calves set up many years prior by Yerav'am ben Nevat. (Radak)

Hashem caused suffering to the Jewish nation to encourage them to come close to Him and do teshuva.

Hashem wants the nation to act with kindness and seek truth and righteousness.

Yisrael planted evil seeds and will reap their benefits.

Hashem is going to exile Yisrael from their land through the kingdom of Ashur as a consequence for their negative actions.
