

Yoel Perek 2

The swarm of locusts will be so great it will block the sun, and turn day into night. (Rashi)

The land will be completely infested with locusts.

Every home, wall, window, crack, and crevice will be infested with locusts.

The heavens and earth will shake!

The plague will end when the nation does teshuva.

It's never too late to come close to Hashem!

“Return to God your Lord, because He is kind and compassionate, and is slow to anger.”

The land will once again be restored when the nation does teshuva.

Am Yisrael will receive blessing in accordance with the amount of their suffering.

God will end all suffering for His nation.
