

Amos Perek 4

Amos calls the wealthy women “fat cows” for indulging in all of their luxuries.

The women also get their husbands drunk to commit immoral acts. (Me’am Loez)

However, they are going to be exiled with all of their possessions.

The navi relates in a rhetorical manner that Yisrael should continue to worship idols because that is what they love to do!

There is going to be a famine in the land.

Your teeth will remain white from lack of food.

A plague of locusts will come and destroy all of your crops.

God is punishing you to make you come close Him and do teshuva!

God is in charge of the heavens and earth and can do whatever He pleases.
