

“ THE OU HAS TAPPED INTO A GOLDMINE OF WOMEN, EACH TREMENDOUS.

“ THE TORAT IMECHA NACH YOMI PROGRAM gave my mother a”h, a person with limited Jewish textual knowledge, the ability to not only learn Nach but to feel a part of and thrive in this vast community of learners. Already on the second cycle, she was excited to understand the various stories and neviot on a new and deeper level. With her sudden petira and being inspired by her dedication to Torah learning, I continue to learn Nach Yomi and look forward to completing the second cycle.

SHANI HOLLANDER, CEDARHURST, NY

“ AS A MIKVAH PROFESSIONAL

for close to 20 years, I have never felt as validated and uplifted as I did with this wonderful presentation. Our work is done largely in isolation and this forum created a comforting sense of community with others doing the same kind of work.

CHANA LEBOWITZ, TORONTO, CANADA

“ I'M GOING HOME TO UNPACK.

Unpack all of the valuable wisdom, unpack the new friends I've made and of course to unpack the beautiful art projects created in the company of dedicated Jewish women, committed to lighting up the darkness in the world. Thank you again for investing in my community and in my leadership.

REBBETZIN CHANI BUKIET, BOCA RATON, FL
