Cuewords

Cuewidgets

Resource Center >

Step 3

Copy the JavaScript code and paste it in your website's template just before the `</body>` tag. (Generally found in the footer section). You can take your account managers assistance in case of any difficulties with installation.

Installation - Javascript

Cuelinks installation is easy!

Just add the below code in your website and all your normal links will automatically be converted into affiliate links on the fly.

Script

```
<script type='text/javascript'>
var pubID = '11743CL2';

(function(d, t) {
var s = document.createElement('script');s.type = 'text/javascript';
s.async = true;s.src = (document.location.protocol == 'https?' ? 'https://cdn0.cuelinks.com/js/' : 'http://cdn0.cuelinks.com/js/') + 'cuelinksv1.js';
document.getElementsByTagName("body")[0].appendChild(s);
})();
</script>
```

COPY

Check Javascript Installation

Please enter URL starting with http or https

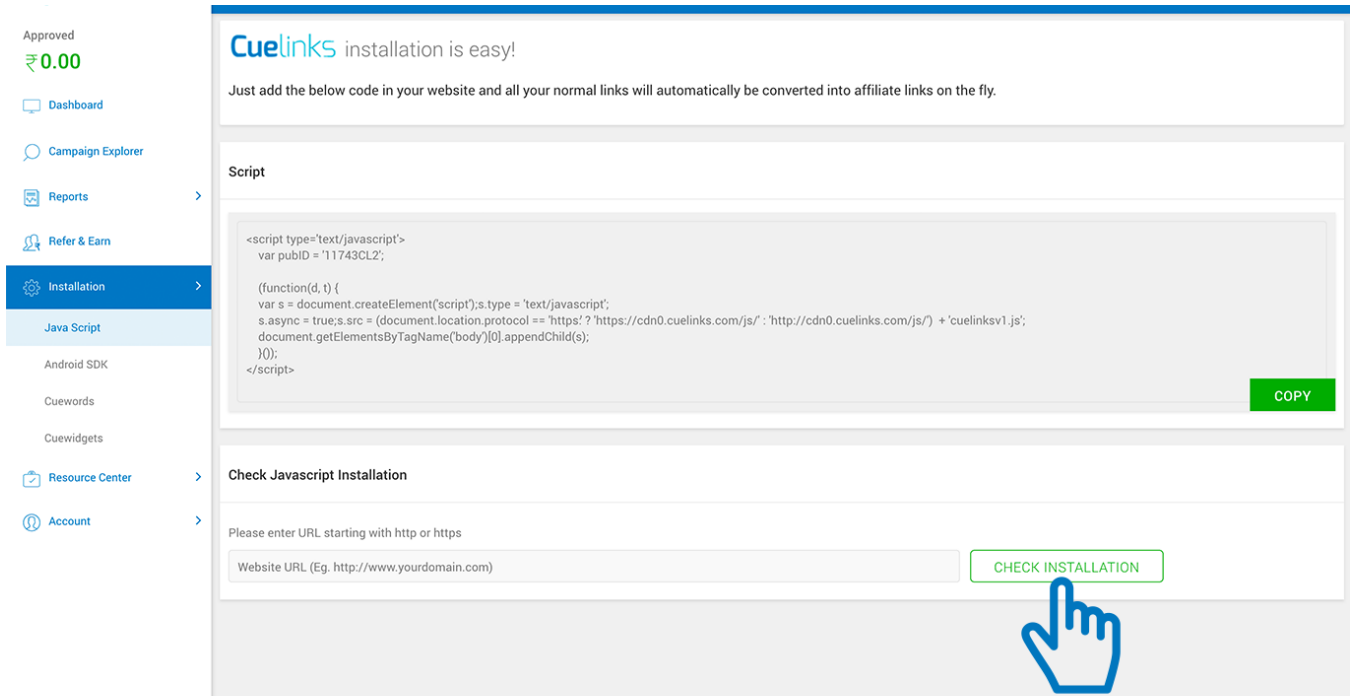

Website URL (Eg. <http://www.yourdomain.com>)

CHECK INSTALLATION

After adding this code all your normal links will now get converted into affiliate links when clicked by a user and help you earn revenue.

Check Javascript Installation

Once you have added the Javascript Code your website's template and published the changes, you check if the Javascript is added correctly.

The screenshot shows the Cuelinks installation guide interface. On the left is a navigation sidebar with options: Approved (₹0.00), Dashboard, Campaign Explorer, Reports, Refer & Earn, Installation (selected), Java Script, Android SDK, Cuewords, Cuewidgets, Resource Center, and Account. The main content area has a blue header with the Cuelinks logo and the text "installation is easy!". Below this is a sub-header "Script" containing a code block with the following JavaScript code:

```
<script type='text/javascript'>
var pubID = '11743CL2';

(function(d,t) {
var s = document.createElement('script');s.type = 'text/javascript';
s.async = true;s.src = (document.location.protocol == 'https?' ? 'https://cdn0.cuelinks.com/js/' : 'http://cdn0.cuelinks.com/js/') + 'cuelinksv1.js';
document.getElementsByTagName('body')[0].appendChild(s);
})();
</script>
```

 A green "COPY" button is located to the right of the code block. Below the code block is a section titled "Check Javascript Installation" with the instruction "Please enter URL starting with http or https". There is a text input field containing "Website URL (Eg. http://www.yourdomain.com)" and a green "CHECK INSTALLATION" button. A blue hand cursor icon is pointing at the "CHECK INSTALLATION" button.

Just type your blog/ website address (including http/https) and click on Check Installation Button.
