PCF publishes a series of guides as part of our commitment to connect men and their loved ones to the latest prostate cancer research information.

Scan the QR code to download or order free copies of the guides.

*The Prostate Cancer Patient Guide* is compiled with the contributions of top-tier doctors and researchers in prostate cancer, and is a must-have resource for patients and families.

The *Additional Facts for African American Men and Their Families* guide provides special facts and guidance regarding African American men and prostate cancer.

Whether you are a cancer survivor or someone who just wants to prevent any number of chronic diseases, PCF's *The Science of Living Well, Beyond Cancer*, is an invaluable resource.

Visit [pcf.org/pcf-webinar-series](http://pcf.org/pcf-webinar-series) to register for a free monthly webinar.

**Things Every Man Should Know About Prostate Cancer** This short guide provides quick stats and information about prostate cancer.

**Guía para pacientes con cáncer de próstata / Prostate Cancer Patient Guide** is for patients who prefer to read in Spanish. It is based on our comprehensive guide for prostate cancer patients, compiled with contributions from expert physicians and researchers, and our guide to health and wellness.

## About the Prostate Cancer Foundation

The Prostate Cancer Foundation (PCF) is the world's leading philanthropic organization dedicated to funding life-saving prostate cancer research.

Since PCF's inception in 1993, and through its efforts, patients around the world are living longer, suffering fewer complications, and enjoying better quality of life. PCF is committed to creating a global public square for prostate cancer, in service to our mission of ending death and suffering from the disease. Learn more at [pcf.org](https://pcf.org).
