## What to Expect

Wave Art's Afterschool Program is led by Qualified Teacher and Artist, offering personalised coaching tailored to each child's creativity. Rather than strict instruction, we focus on playful exploration and discovery, allowing kids to develop confidence, problem-solving skills, and creative thinking in a fun and supportive environment. This hands-on approach not only nurtures artistic expression; autonomy where each child can take control of their own education, making choices about how they learn. Our program also enhances fine motor skills, concentration, and self-expression, all while having a great time!

We also have a School Holiday Activities. 🎨🌟
