How Epic is our Summer Camp Programme?! Please note, additional activities may be added, and some may change to stay in line with weather. The more sun we have, the more outdoor fun we will have!! Trips- these can be booked online or by contacting a member of our team. Additional trips may be added, and extra spaces will be allocated on popular trips. Varied activities will be on offer EVERYDAY! So although we have 'planned' activities and workshops, children will still have time to access our tabletop games, arts and crafts and free play. We will always encourage children to try new things but equally we respect that not all children like all activities!
