What's Decking Our Halls?

We're always working hard to improve PerfDog and 2022 was no exception!

If you're a Portuguese Water Dog Water Trial Secretary or Chair, know that you've helped us in making huge improvements to our in-app guidance and Help Center.

If you're interested in reading the changes made this year, check out our release notes at <https://perfdog.com/learn/changes>.

Happy Holidays!

Rod, Neeta, & the Vizslas!

Thank you for supporting our small business!

Highlights

Our biggest update to the site (aside from adding more help resources) was the Check policy change. We no longer allow entrants to hold a slot and promise to send a check later but admins can still enter for them and let them bring a check.

Waiting list improvements:

- Entrants' names are now links so you can easily contact them!
- Download the waiting list to perform a random drawing, then allow selected dogs into your event!
- Email waiting list entrants from the Send email feature.

Increased Help & Support resources

In 2022, we created or revised over **65** help center articles, recorded over **40** new "how to" videos, and introduced **66** new in-app guides and info buttons across the site.

New Features!

Administrators of Pointing Breed Hunt Tests and Field Trials can now "flip the switch" and start managing their event without contacting PerfDog!

* If they've previously been a Secretary or Chairperson for the same event at PerfDog.

Multiple closing dates

We now support multiple closing dates and entry fees that can change by date. Events can have any combination of these entry periods, each with its own entry fee: 'Early', 'Late', 'Very Late', and 'Day of show'. Any of the deadlines can be selected as the 'refund cut-off'.

Access this in Setup > Basics.

Closing date instructions:

- Your event will remain open until the latest date/time below.
- You can setup different entry fees for each closing date.
- The first date and at least one other date are required, the rest are optional.
- You must set these dates before your event has entries.
- If your event has only one closing date, click the switch below.
