

Installation Guide

PERLATO

Perlato Fireclay Vessel Sinks

IMPORTANT

Before beginning installation, make sure that the sink is the correct model and size and conduct a thorough inspection. It is recommended to inspect sink for damage even if it was previously inspected.

<p>1. Position sink and insert pencil through drain hole to mark counter.</p> <p>Ensure adequate space is considered for faucet clearance.</p>	
<p>2. Use a drill to cut hole in counter.</p>	
<p>3. Apply silicone to underside of sink.</p>	
<p>4. Gently affix sink into place on counter and allow to set for ½ hour minimum.</p>	
<p>5. Install plumbing connections. Run faucet and check for leaks.</p>
