

QUALITY ASSURANCE

- Two-year Workmanship Limited Warranty, Ten-year Structural Limited Warranty.
- Professionally engineered foundations inspected prior to the concrete placement.
- Professionally engineered structural framing systems inspected on every home.
- Quality inspections performed by third party construction consultants on each home prior to sheetrock and at final stage of construction.
- Third party Home Energy Raters conduct onsite testing and inspections to verify the energy efficiency measures, as well as insulation, air tightness, and duct sealing details on every home.
- Inspections performed by an experienced construction staff at various stages of the construction process.
- All homes are engineered and inspected to meet the wind speed requirements of the Florida Building Code.

ENERGY EFFICIENCY

- Designated RESNET Energy Smart Builder with up to 30% or more improvement in energy efficiency over the HERS® reference home. For more information, please visit www.resnet.us.
- Radiant barrier roof decking reduces radiant heat from radiating into the attic.
- ENERGY STAR® labeled GE dishwasher is more energy efficient than non-ENERGY STAR® models.
- High-efficiency insulated low-E glass vinyl windows to reduce ultraviolet transmission.
- Energy saving LED light bulbs installed throughout the home.
- Commodes use 1.28 gallons per flush for water conservation.
- Smoke and carbon monoxide detectors.
- Energy efficient Rheem tanked water heater.
- Polycel sealant around all windows, doors, pipes, wiring holes, and exterior base plates for improved energy efficiency and comfort.
- PEX plumbing system installed for water quality and energy efficiency.

EXTERIOR FINISHES
