supports education, mental
and physical health, the
environment, housing
insecurity and services for
individuals and families
with great needs and
limited opportunities.***

Tradition of Excellence Scholarship

82
AWARDS

“

I am so grateful for your generosity and support throughout my college journey. This scholarship provides me the opportunity to pursue my dreams and goals in the field of sports medicine. Your support not only eases the financial stress for my parents and I but allows me to better focus on my academics. My mom has been a faithful employee of Perry Homes for 10 years and she always has such positive things to say about the people, culture and organization. Now I understand why. The thoughtfulness and consideration you are showing to me, and so many other students is such a tremendous blessing, and I am forever grateful. Once I graduate and become financially successful in my career, my goal is to give back to aspiring students just as you have given to me, to pay it forward. Thank you again Perry Homes! Not only do you build dream homes, but you help build dreams in the lives of young adults just like me.

PERRY HOMES FOUNDATION IMPACT

Baker & Emily Mayfield Foundation (Florida)

With a focus on resilience and a spirit of support, the Baker & Emily Mayfield Foundation provides programs, scholarships, and philanthropic opportunities to help others tackle life's challenges in order to BE the best version of themselves. Originally from Austin TX and now an NFL quarterback with the Tampa Bay Buccaneers, Baker Mayfield and his wife Emily have hosted the “Passing the Joy” event for the past 6 years to lift up families in need during the holiday season.

Flood relief to Kerr County (San Antonio)

The Guadalupe River is the defining natural feature of Kerr County and shapes the community's identity and way of life. It drives business and tourism and is essential for family recreation, physical and emotional wellbeing, quality of life for residents, and the environment.

After experiencing firsthand disasters such as Hurricane Harvey, the unthinkable tragedy compelled the Perry Homes Foundation to step in after the tragic floods in Kerr County on July 4, 2025. Our gift will support a multi-year recovery effort now underway. The needs include, but are not limited to, housing, mental health support, community and environmental restoration, and long-term resiliency.

New Hope Housing (Houston)

Affordable housing is among the most pressing crisis facing the Houston region. New Hope Housing realizes quality, affordable housing is the foundation that families and individuals need to thrive. They are facing the housing affordability crisis head on with innovative solutions that are changing the narrative for thousands of people. PHF contributed to NHH's newest development, Avenue C, which recently opened in Houston's historic East

End/Magnolia Park neighborhood. Avenue C will offer 55 plus seniors apartment homes in a welcoming and affordable community where they can thrive in one of the city's most vibrant cultural neighborhoods.

CHRISTUS Children's Hospital (San Antonio)

As the sole hospital in San Antonio exclusively focused on pediatric care, CHRISTUS Children's Hospital brings hope, healing, and new beginnings to families from Texas, across the US, and beyond.

Perry Homes' support of CHRISTUS Children's Hospital directly benefits the little patients fighting big battles, while helping to brighten their holiday season.

ManeGait (DFW)

Founded by Bill Darling, partner of residential homebuilder Darling Homes, and his wife, ManeGait has grown into a nationally recognized therapeutic riding center, serving 150 individuals with disabilities weekly. ManeGait has become a center for volunteerism and fellowship – a refuge for the entire community to be inspired by nature and engaged in a shared mission. Today, ManeGait is a beacon of hope and healing, welcoming thousands of riders, volunteers, and partners to the arena each year. At ManeGait, children and adults with disabilities move beyond their boundaries through the healing power of the horse and the dedication of a professional, caring community.

A parent who spoke about the impact ManeGait has had on their son, suffering from a brain injury said, *"It has improved his gait and overall made him more happy, relaxed and joyful."*

Austin Trails of Lights (Austin)

This annual event in Zilker Park celebrates the unique spirit and people that make Austin the special place it is. As the most cherished and longest-running holiday tradition in Texas' capital city, the Austin Trail of Lights, powered by H-E-B, attracts hundreds of thousands of visitors from Central Texas and around the globe each year. Continuing its tradition, the Trail hosts private nights offering free entry through the STARS at the Trail program to over 100 non-profit partners and distributes thousands of passes to eligible families within the Austin Independent School District.

Food pantry contributions

During the onset of the SNAP benefit pause in late 2025, the Perry Homes Foundation supported 10 food pantries across Texas and Florida. One of the pantries, led by River of Hope Ministries, had recently experienced a devastating fire. Pantry operations were disrupted at a time when neighbors were facing unprecedented food insecurity. While the pantry was planning a temporary move during renovations, the Perry Home Foundation stepped in to provide funds for River of Hope to purchase grocery store gift cards to families in urgent need.

Founder Stacie Rivers said, *"Thank you again for thinking of our community in this challenging moment. Your generosity truly brings hope when it is needed most."*
