New Flail Chopper

Bromex 423-428-432

There is no better way forward than making life easier and efficient... Wherefore Vicon designed the new Bromex range of flail choppers.

Whether used for pasture maintenance, crop residue management, roadside cleaning or abandoned land recovery, the Vicon Bromex series flail choppers adapt easily to every task. One machine, countless possibilities.

Perfectly adapted to tractors of around 150 hp, featuring a light but strong redesigned body and a unique direct drive transmission, the all new Bromex 300 will offer maximal efficiency in all conditions.

Power and Precision in Every Detail

Reinforced driveline up to 170 hp with easy belt tensioning, optimized rotor design, heavy-duty bearings and segmented counter knives ensure higher output and reduced maintenance.

Filled with Features designed to enhance Productivity

Strong 219×10mm rotor tube, 5 V-belt transmission with direct tensioning, universal Y or hammer blades, double-skin protection, 195mm maintenance-free rear roller, and a 500mm hydraulic offset for ultimate versatility.
