

This book presents the architecture of G&A in the seemingly paradoxical context of contrast and cohesion. A series of contrasts, or dualities, or apparent paradoxes, are utilised to explain the processes and observations that have informed the work of G&A. Some of the dualities are new and some are old, and they all interconnect and overlap.

Selected Projects

Nr. 01 → pp. 15, 128, 154, 208	Nr. 15 → pp. 82, 136, 232
Punggol Waterway Terraces Singapore 2009–2015	Lola Geneva, Switzerland 2009–2013
