↗ **64**/100

Policies indicator Impact on score ●●●● **50**/100

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Endorsements indicator Impact on score ●○○○ **75**/100

Endorsements are your company's public adherence or commitment to meeting objectives and principles defined by a recognized third-party organization.

Measures indicator Impact on score ●●●● **75**/100

Measures are your company's actions to support your sustainability policies and commitments.

Certifications indicator Impact on score ●●●○ **100**/100

Certifications confirm your compliance with international standards (for example, ISO 14001). They can be issued by an external certification body.

Coverage means the level of deployment of measures and certifications throughout your company. It's a multiplying factor. The higher it is, the higher score will be given to the Measures and Certifications indicators.

Reporting is based on quantitative KPIs that measure your implementation of sustainability practices.

The 360° Watch Findings indicator is scored based on the data we gather by scanning thousands of sources in the public domain. This allows us to get a broader overview of your company's sustainability management.
