Registration dossier submitted

You have successfully submitted a registration for your substance on 14 August 2025.

This confirmation document is not a decision on your registration.

Your dossier will now be reviewed and checks will be carried out:

Business rules check (BR) / Technical completeness check (TCC): this is an automatic initial check verifying that your dossier is in the correct format and can be processed by the regulator. An invoice will be generated and sent to you via email.

Completeness check (CC): this is the final check carried out by the regulator. They will make a decision on your registration. If your dossier status is set to CC PASS, your dossier will be considered complete and you will receive a registration number for your substance.
