

Toxic Substances Control Act (TSCA)

Positive Certification Statement

To whom it may concern,

August 8, 2025

According to Section 13 of the Toxic Substances Control Act (TSCA), chemical substances, mixtures, or articles not in compliance with TSCA, or whose importation is not in compliance with TSCA, must be denied entry into the customs territory of the United States, hence a statement is necessary for any shipment of a chemical substance subject to TSCA.

GW United Chemicals USA Inc. is a US company importing goods in this shipment with

B/L No. _____ to the United States, with its principal office at 165 Broadway, 23rd Floor, New York, NY, 10006.

As is entrusted by GW United Chemicals USA Inc., REACH24H Consulting Group performed the TSCA compliance assessment in the shipment based on the ingredients information provided by GW United Chemicals USA Inc. shown as below.

Product name: Siloxanes and Silicones, di-Me; Silane, dichlorodimethyl-

Uses: Used Industrial applications;

Ingredients	CAS Number	On the TSCA Inventory	Commercial activity	SNUR Requirements
Siloxanes and Silicones, di-Me	63148-62-9	YES	ACTIVE	NO
Silane, dichlorodimethyl-	75-78-5	YES	ACTIVE	NO

According to assessment, here is to certify that the shipment of this product containing chemicals listed above, complies with applicable rules or orders under TSCA and that GW United Chemicals USA Inc. is not offering a chemical substance for entry in violation of TSCA or any applicable rule or order thereunder.

Please do not hesitate to contact us if you have questions concerning this certification or require additional information concerning it. Thank you for your attention in this matter.

Yours sincerely,

Company: REACH24H USA INC.

Note to customer:

It is recommended for the US Importer to copy/paste the below onto their company letterhead. In addition, the supplier can include this certification with the shipping paperwork on their letterhead, although it ultimately is the importers compliance obligation to certify TSCA compliance. If the product complies with TSCA (is TSCA listed or meets an exemption), the positive statement should be checked. If the product is subject to another law, e.g. a cosmetic regulated by the FDA, the Negative statement should be checked.
